# Adam QUITTING THE VOICE?

ADAM LEVINE IS GEARING UP TO SAY A "BEAUTIFUL GOODBYE" TO THE SHOW THAT MADE HIM A HOUSEHOLD NAME.

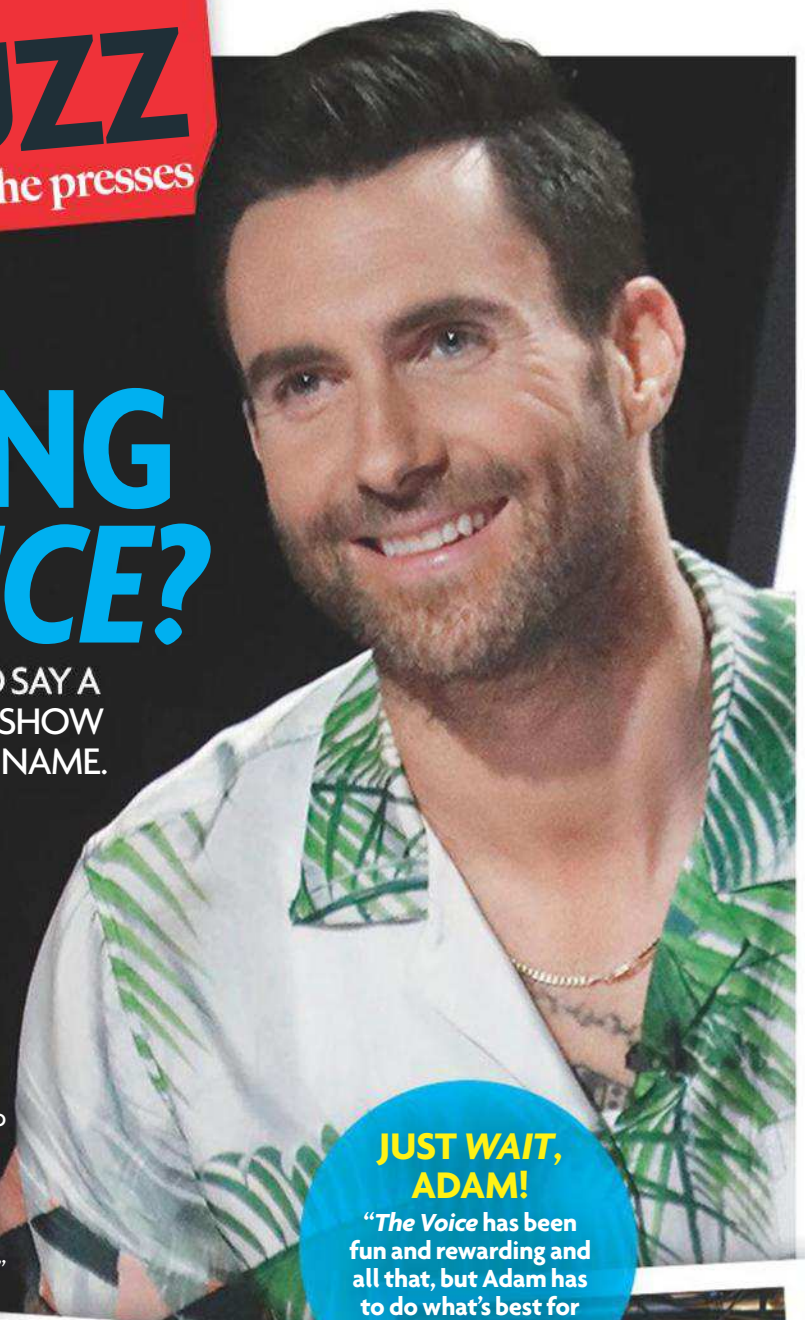

**A**DAM Levine is turning his chair one last time... toward the exit! After seven years and 14 seasons as a coach on NBC's *The Voice*, sources tell *Star* that the rocker is considering leaving the series at the end of this season.

"Adam's been talking about quitting for over a year, and now he's finally going to make it happen," spills an insider, adding that the Maroon 5 frontman, 39, feels he's given the Emmy-winning series "a good chunk" of his time. "Adam's ready to move on. He wants to spend more time with his family. His wife and kids need to be first."

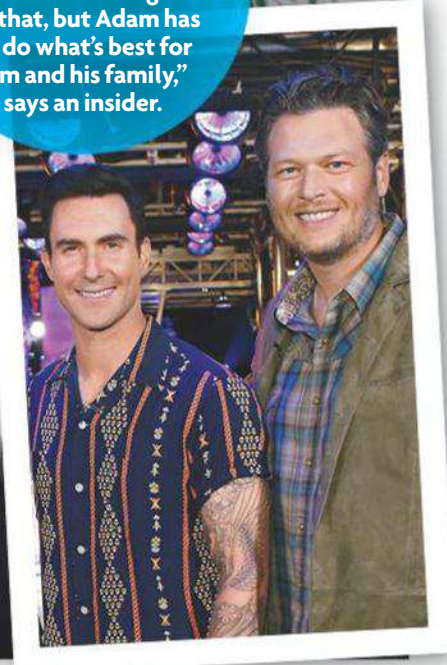

Adam's better half, model **Behati Prinsloo**, is thrilled with the plan. "Now more than ever, she needs him around the house to help with the girls," the insider says of Behati, 28, who gave birth to the couple's second daughter, Gio, on Feb. 15, while big sis Dusty is 18 months. "She really wants Adam to be a hands-on dad. He's missed so much because of his gig on *The Voice*. These are the precious years with the kids — you can't get it back."

Family isn't the only reason Adam wants to leave the show. "He also wants to focus on his music and put out a new album in the next year," dishes the insider. "Plus, there are a lot of other projects on the back burner that he'd like to focus on."

And he may not be the only one heading for the door! Fellow coach **Blake Shelton**, 41, "is also talking about quitting at the end of Season 14," the insider reveals. "They love to tease and annoy each other. Blake really doesn't want to do the show without his best buddy." ★

**JUST WAIT, ADAM!**  
"The Voice has been fun and rewarding and all that, but Adam has to do what's best for him and his family," says an insider.

AS HER BIEBER FEVER BREAKS, FRIENDS WORRY ABOUT HOW SELENA WILL COPE WITH HER LATEST HEARTACHE.

# SELENA'S DRUG RELAPSE NIGHTMARE!

**S**elena Gomez has split from Justin Bieber (again) and pals fear the 25-year-old could be heading down a dangerous path — *again*.

“Selena has done her fair share of partying in the past, and it makes sense that she’ll turn to her old vices to cope with her and Justin flaming out for the umpteenth time,” explains a source, admitting that the “Wolves” singer always did have a fetish for Justin’s love: “They were both convinced that it was going to work this time. Selena’s heart is crushed.”

And her resolve to stay sober may be, too. After several stints in rehab, the singer underwent a kidney transplant last year, only to find herself back in treatment a few weeks ago, allegedly for “depression.” But Hollywood insiders wonder if 24-year-old Justin, who has his own murky history with drug abuse, has been a bad influence on Selena. If the brunette beauty hits the bottle again,

it could exacerbate her lupus and even lead to her losing her kidney! The drama has already driven a wedge between Selena and her mom, **Mandy Teefey**, who is sick of this same old love — and its fallout.

“Mandy thinks that Selena has been irreparably changed by Justin that she’s not her daughter anymore,” laments the insider, pointing specifically to a December fight between the women in Justin’s L.A. hotel room that landed Mandy in the hospital! Since then, Selena has made it clear that blood *isn’t* thicker than her bond with Bieber.

“Selena made her choice and cut off her entire family to be with him,” spills the source. “So, she’s got a lot of damage control to do, on top of being brokenhearted. Everyone is concerned with how she’ll handle it all. We just want her to be happy — without Justin.” Maybe she should go and love herself... ★

# TIM'S TERRIFYING COLLAPSE

Tim McGraw left fans in shock — and his wife, Faith Hill, reeling — after collapsing on stage during a concert in Dublin on March 11. “He’s been super dehydrated,” Faith told the crowd after medics dragged her woozy husband off stage. “I apologize, but I made the decision that he cannot come back out.”

The 50-year-old “Humble and Kind” singer blamed “lots of flying” on his fainting spell, and admitted that he should cut back on his grueling workouts. And Faith is holding him to it!

“Tim’s not getting any younger,” shares a pal close to the country stars, who kick off their 20-date joint *Soul2Soul* tour in May. “Faith knows he wants to hop all over the stage and put on a high-energy show, but she’s ordered him to dial it down. She wants a long life with her husband!” ★

After almost a year in hiding, new mom **Kylie Jenner** certainly picked an interesting time to burst back on to the social scene: her *sister's* baby shower! **Khloé Kardashian**, who is expecting a daughter with NBA beau **Tristan Thompson**, ended up in tears after Kylie made the soiree all about her.

“Every time someone talked to Khloé about her baby, Kylie jumped in to jabber about Stormi and show off photos,”

sneered a partygoer, saying that Kylie even grabbed the mic from Khloé when she wished Tristan a happy birthday!

“Kylie was in ghost mode during her entire pregnancy but now that it’s Khloé’s moment to shine, she suddenly can’t shut up about herself and Stormi,” fumed the source. “Khloé has wanted a baby for so long and is so hurt that Kylie couldn’t just let her have her moment.”

Talk about mama drama! ★

## BRIELLE'S LIP SERVICE

Twenty-one going on 41! **Kim Zolciak's** mini-me daughter **Brielle Biermann** just hit the legal drinking age but appears decades older thanks to a few too many nips and tucks.

“Baby you look like Michael Jackson — what did you do to yourself and why??” commented one follower on Brielle’s surgerized snapshot. But Brielle isn’t apologizing — or curbing her injection schedule.

“My lips do not look good in photos. I f\*\*\*ing get it. I’m not changing them,”

seethed the *Don't Be Tardy* star on social media before sniping that she was “Going to get my duck lips plumped up some more!”

*Star's* expert says that while Brielle is going overboard, thankfully it's not permanent. “She’s likely had filler in her lips, and maybe in her cheekbones as well,” surmises Dr. Matthew Schulman, an NYC board certified plastic surgeon. “But if she wants a softer look, she should just wait; filler will go away on its own in about six months.” ★

## CAMERON DIAZ: RETIRED FROM HOLLYWOOD!

**Cameron Diaz** hasn’t made a movie since 2014 — and her pals say she’s never going to! “I had lunch with her the other day,” Cameron’s *The Sweetest Thing* costar **Selma Blair** recently shared. “I would have liked to do a sequel but Cameron’s retired from acting. She’s like, ‘I’m done.’”

Selma quickly backtracked, claiming she was just joking, but sources have long told *Star* that Cameron is putting her personal life before her career: “Cam sort of pressed reset when she met **Benji [Madden]**,” muses an insider. “She’s been completely focused on her marriage, her friends and her desire to have a baby.” ★

# EMMA EYES JEN'S LEFTOVERS

Justin Theroux spotted a trendy new accessory at Fashion Week: Emma Stone!

"They got along so well on *Maniac*," says a spy, although a rep for Justin denies *Star's* story.

It wasn't the lace-up corsets or brocade jackets that had everyone buzzing at the Louis Vuitton Paris Fashion Week show. It was the French atelier's celeb ambassadors, **Justin Theroux** and **Emma Stone!** "A lot of people noticed how engrossed they were in conversation, whispering in each other's ears, smiling and laughing," claims a source. "When the models started their walk, Emma and Justin were like, 'Oh, yeah, the fashion show!' But they didn't seem interested in the clothes." Or decorum. While his marriage to 49-year-old

**Jennifer Aniston** was crumbling, Justin spent December filming the Netflix series *Maniac* with Emma, 29, in New York City, where they shot a behind-the-scenes video that showed off their karate moves and their chemistry. "Justin and Emma were always pranking each other. They got along so well, it's only natural that they would have remained friends after the series wrapped," surmises a source, even if the newly single actor, 46, isn't looking for something serious. "Justin is playing the field. He likes Emma, but he isn't ready to settle down again anytime soon." ★

# Sharon & Angelo SET TO WED?

This cougar has caught her prey! **Sharon Stone** flashed a huge diamond sparkler while celebrating her 60th birthday in Miami Beach with her boytoy, Italian real estate mogul **Angelo Boffa** — and pals suspect the

*Basic Instinct* stunner is planning to tie the knot for the third time.

Although her rep denies *Star's* story, "Sharon is very good at keeping her private life private. It wouldn't surprise anyone if she was playing this one close to the chest," insists a source. "Sharon never thought she'd marry again, let alone to someone 19 years her junior! But Angelo makes her deliriously happy." ★

# LOVE BITES

## NEWLYWED

Superbad news, ladies. **Michael Cera** and his longtime girlfriend, **Nadine**, were seen wearing matching gold wedding bands in Brooklyn on March 11!

## OH, BABY

At the age of 57, **Hugh Grant** has welcomed his fifth child and third with girlfriend **Anna Eberstein**,

reveals ex **Elizabeth Hurley**. "He's an enchanting dad," she told **Andy Cohen**. "Really, really sweet."

## IT'S OVER!

She don't love you is right — **Gigi Hadid** and **Zayn Malik** have broken up! "I'm forever grateful for the love, time and life lessons that [we] shared," she tweeted.

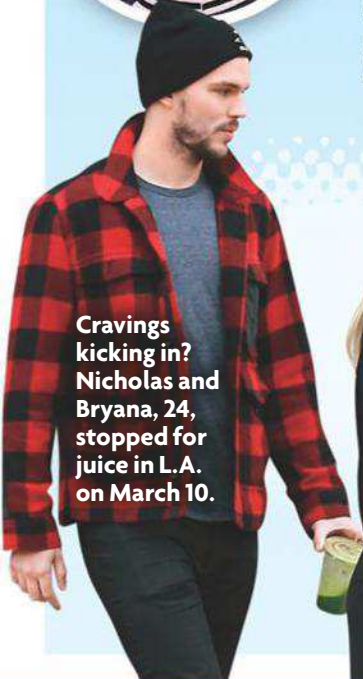

## J.Law's Heartache: NICK'S NEW PLAYMATE!

May the odds be ever in their favor! **Nicholas Hoult** is reportedly expecting his first child with *Playboy* pinup **Bryana Holly** — as his seriously single ex, **Jennifer Lawrence**, laments "it's hard out here!"

"Jen really loved Nick, and a little piece of her may have hoped they would give it another try," says an insider though a rep for the actress, 27, denies our story. "She'll put on a brave face, but this news could devastate her."

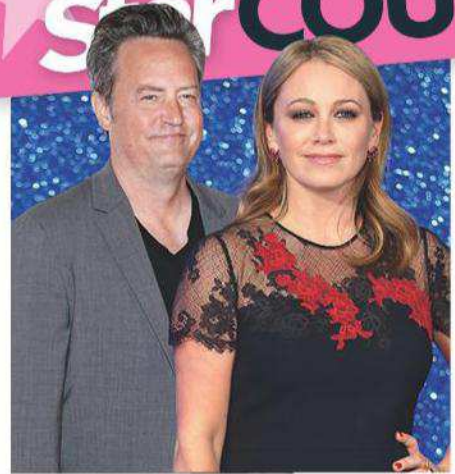

While filming *X-Men: First Class*, **J.Law** fell for her British costar, 28, before briefly splitting in 2013, reuniting on-and-offscreen in *X-Men: Days of Future Past* until ending it in 2014.

"Nick and Jen only really broke up because they were so young," claims the source. "If they had met later in life, she could have seen him as the father of her children." ★

He's got nerves of (blue) steel! **Matthew Perry** has set his sights on **Ben Stiller's** really, really, ridiculously good-looking ex-wife, **Christine Taylor** — and friends of the former costars are convinced that they would make a perfect match.

"Matt had a huge crush on Christine when she guest-starred on *Friends*," says a source close to the actor, 48. "They had instant chemistry, but the timing wasn't right. She and Ben were very serious, and Matt didn't want to cross any lines."

Until last May, when the *Brady Bunch* beauty, 46, announced the end of her marriage to the *Zoolander* star! "Now, Matt's got a second chance," says the insider. "Everyone is pushing him to shoot his shot and ask Christine out." ★

**FIGHTING

**B**IG girls don't cry, they get angry! **Fergie** has gotta feeling that **Josh Duhamel's** new girlfriend, 28-year-old Mexican-born actress **Eiza González**, is just using the Hollywood hunk, 45, to boost her career.

"Fergie thinks Eiza is bad news, plain and simple. She doesn't like what she's seen or heard about her, and told Josh as much," says *Star's* source, alluding to those famous photos of Eiza making out with **Liam Hemsworth** the day after he called off his engagement to **Miley Cyrus**. "But Josh doesn't want to hear it! He thinks Fergie's just jealous." Which isn't *entirely* untrue...

"It's Eiza's age, her looks — the whole thing," admits the insider, who says the "M.I.L.F. \$" singer, 43, doesn't want her ex-husband's new flame meeting their 4-year-old son, Axl. "Josh looks like a desperate middle-aged dad in a midlife crisis. All that's missing is the sports car!" Seriously, where is the love? ★

Barely even friends... then somebody bends! **Emma Watson** was spotted holding hands with **Chord Overstreet** in L.A., confirming the couple are very much an item.

"We were all pretty surprised, but Emma is crazy about him," spills a source close to the *Beauty and the Beast* star, 27. "Chord isn't like the other guys she's dated, but that's why she likes him so much."

It became clear that there was something there that wasn't there before when Emma asked the *Glee* alum, 29, to be her guest to the *Vanity Fair* Oscar party. "She wouldn't go public with a guy if this was just a fling," says the pal. "Chord can't believe his luck!" Ain't that a tale as old as time? ★

# Colin's Wife SLEPT WITH 'STALKER'!

It's Bridget Jones all over again! **Colin Firth's** wife, **Livia Giuggioli**, has admitted to having an affair with Italian journalist **Marco Brancaccia** — the childhood friend she now accuses of waging a "frightening campaign of harassment" against her — while the couple were secretly separated in 2015.

"Colin was mortified when Marco began spewing details about their passionate romps to the press," says a source close to the 57-year-old actor, who has since reconciled with the 55-year-old film producer. "But he has forgiven Livia, and is determined to make their marriage work." ★

## HAIR GROWTH

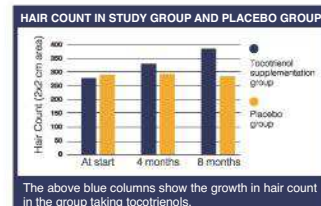

# Newly discovered ingredient promotes **NEW HAIR GROWTH!**

It is known that supplements can increase hair health and volume to some degree, but to find a supplement that can increase new hair growth significantly, is rare. Still, this is what scientists are finding when studying palm fruits.

A recent study was done in Malaysia with 38 people suffering from hair loss (alopecia)\*. They were told to take a palm fruit extract containing a special ratio of "super-antioxidants" called tocotrienols. The results were surprisingly good!

## THE STUDY RESULTS

The above blue columns show the growth in hair count in the group taking tocotrienols.

The scientists in the study found that the antioxidants work specifically and strongly to reduce scalp oxidation, a condition linked to balding.

In sufficient time, this may allow for new hair to grow and hair count to increase.

In the study, most of the group showed increases of 10-25%, but 40% of the group had more than 50% increase in hair growth. Only one person did not have any results.\*

## EXAMPLE OF RESULT

### VOLUNTEER 1:

Before and after supplementation

Studies at the University of Kuala Lumpur showed a significant increase of new hair count after 8 months of supplementation with a specific tocotrienol complex from palm fruit.\*

This patented complex of tocotrienols is exclusively available in the dietary supplement called Hair Gro™ by New Nordic. Now available at participating pharmacies, health food stores, as well as online.

# Tori & Dean

# ON THIN

AFTER YEARS OF TURMOIL, TORI SPELLING AND DEAN MCDERMOTT'S RELATIONSHIP KEEPS GETTING WORSE.

### CHAOS CENTRAL

The more the merrier? Not quite: Tori and Dean's quick fix for marriage woes — having more kids! — has yet to work after five little ones.

**D**URING their nearly 12 years of marriage, **Tori Spelling** and **Dean McDermott** seemed to have weathered one crisis after another. But sources are reporting that things have finally reached a breaking point.

Long-simmering tensions between the couple erupted in early March, when police were forced to intervene three times in two weeks: First, on March 1, a neighbor called 911 because Tori, 44, was acting erratically. Sources say that the mother of five was so distraught she suffered a nervous breakdown. On March 7, a frantic Dean, 51, called 911 again, pleading for a well-being check on his wife. “Deputies contacted her briefly and determined she was fine,” stated Sgt. Eric Buschow. But just two days later, the pair were dining with their five kids — Liam, 11, Stella, 9, Hattie, 6, Finn, 5, and Beau, 1 — at Black Bear Diner in Tarzana when a marital spat got so out of control that police were called.

“It’s just constant drama and misery between Tori and Dean,” sighs a source. “But this time, things have really come to a head. He’s been staying in a separate bedroom for the last six weeks, and they’re constantly fighting in front of the kids. Their friends don’t think they can possibly make it through this.”

#### END OF THE ROAD

The root of Tori and Dean’s issues is their refusal to truly face their problems head-on. Instead, the pair have become pros at pretending everything is fine. Not only do they continue to spend recklessly despite being hundreds of thousands of dollars in IRS and credit card debt, they’ve moved several times in recent years and are

currently saddled with \$10,000 a month in rent. But perhaps most worrisome, they insist upon putting a positive spin on very toxic behaviors.

In 2013, Dean’s affair with then-28-year-old **Emily Goodhand** probably should have spelled the end of their fraught union. But instead, Tori and Dean signed on for an ill-advised money-grab reality show, *True Tori*, to document the brutal fallout of Dean’s infidelity. Tori claimed Dean’s cheating scandal “changed everything... for the better,” while Dean, on yet another vacation the family couldn’t afford, re-proposed to Tori in grand fashion at the Eiffel Tower. “Our relationship is in the best place it’s ever been,” he gushed.

Then Tori, who nearly died during her pregnancy with son Finn, made the questionable decision to have yet another baby, Beau, saying he signaled a new beginning for her and her unemployed husband. “I feel like Beau is really the pillar of the rebirth of our relationship,” Tori said blithely, “because our relationship had to crumble for it to be rebuilt, and it was really important that we just start it over.”

Though she talks about her idyllic family life in interviews and on social media, behind closed doors, sources say — and frequent police visits seem to indicate — that Tori is falling apart. “Between the chaos of all the kids and their money troubles, she isn’t coping well at all,” laments a friend.

Her husband, meanwhile, seems trapped. “Dean and the kids are stuck in this unhealthy living environment,” says a friend, adding that Tori “refuses to even discuss a divorce because she’s so scared of being labeled as a failure. She fancies herself a modern **Martha Stewart**, and she’d rather be miserable in her marriage than admit defeat.”

But it may not be up to her, after all. “Dean is at the end of his rope,” says a source. “He’s not convinced this is still a relationship worth fighting for.” ★

# Jen & Brad's

# HUSH-HUSH MEET-U

THAT DIDN'T TAKE LONG! SOURCES SAY JENNIFER ANISTON AND BRAD PITT HAVE SECRETLY REKINDLED THEIR RELATIONSHIP WITH A LITTLE HELP FROM A FAMOUS FRIEND...

**B**ACK in 2005, Brad Pitt seemed to have it all: a thriving career, a beautiful wife in Jennifer Aniston and an A-list bromance with George Clooney. But all that changed when he met Angelina Jolie, who is said to have broken up his marriage, refocused his priorities and banned his best buddy. But now, with Angie out of the picture, it's George who's getting the last word — and a little revenge!

Sources say the *Gravity* star is not only back in Brad's orbit, but he's also been playing matchmaker for his old pal by setting him up with his first ex-wife, Jennifer! "They've been secretly getting together for late-night hookups, and it's all because of George," a pal tells *Star*. "George was the first person to call him when his marriage to Angie imploded. After Jen and Justin [Theroux] announced their split, he encouraged Brad to reach out and give their relationship another chance." Not that he needed much convincing!

#### ALONG FOR THE RIDE

Nor did Jen, who's also been close friends with George for years. "He'd been

thinking about trying to reunite Brad and Jen ever since he heard her marriage was in serious trouble," reveals the insider, who says George engineered the exes' first undercover rendezvous on March 3, when he and Brad, 54, attended a private pre-Oscar party in Beverly Hills.

"The plan was to head over to Jen's place afterward for a nightcap, but, of course, George would just drop Brad off," spills the source, adding that the *Friends* alum, 49, was so excited that she lent George her bodyguard for the evening so he could drive the duo to her Bel Air mansion: "Jen really wanted this to happen!"

#### WHAT'S OLD IS NEW AGAIN

Despite years apart and plenty of drama, the golden couple's chemistry still sizzles. "Their evening together was very relaxed and low-key," tattles the tipster. "They reminisced about the past and had a lot of laughs. It seemed just like old times, only better. Brad doesn't regret marrying Angie, and Jen doesn't regret marrying Justin, but they both realized they had a good thing when they were together — and still do."

One of the things that reportedly

lured Brad to Angelina was her desire to have children, whereas Jennifer was ambivalent about motherhood. Now though, six children later, Brad may start to see his first love as his soulmate once again.

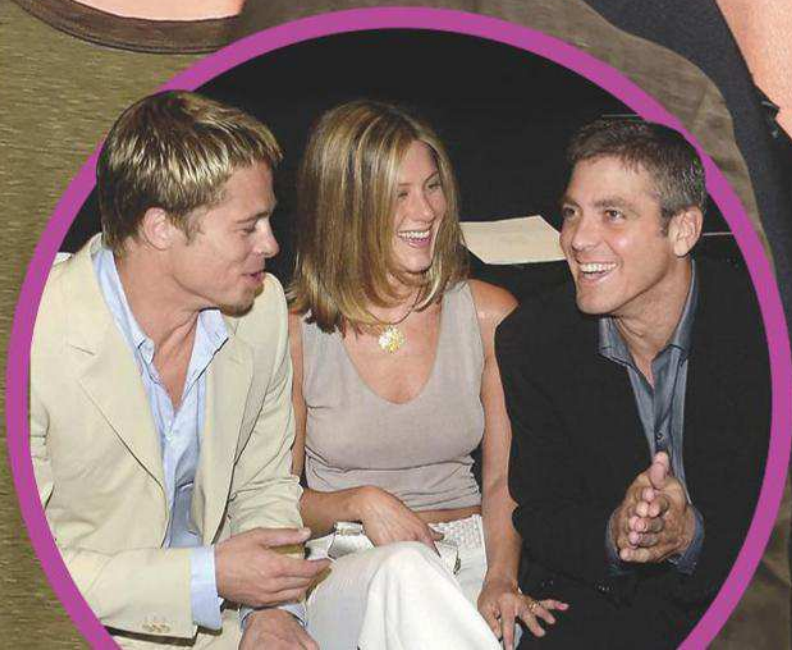

While a rep for George denies *Star*'s story, the insider insists that Brad and Jen are over the moon that he's brought them back together. "Jen wants to keep the reunion under the radar, since she went public with her divorce just a few weeks ago, and the last thing she wants is even more scrutiny," the pal explains. "George has gotten the ball rolling — and who knows where it will lead?" ★

# BATTLE ROYALE!

MEGHAN MARKLE IS MAKING ROYAL WAVES ALREADY BY CHALLENGING PALACE PROTOCOL OVER WHO WILL WALK HER DOWN THE AISLE.

**Q**ueen Elizabeth agreeing to let her beloved grandson **Prince Harry** wed an American divorcée is already enough of a pearl-clutching break from tradition, but now the 91-year-old monarch is reportedly being pushed to her limits by royal-to-be **Meghan Markle**'s controversial wedding demands. Sources report that Meghan wants to upend palace protocol by having her mom, Doria Ragland, walk her down the aisle at her May 19 nuptials to Harry, instead of her reclusive dad — and the queen isn't having it!

"A woman taking on this role is unheard of," gasps a palace insider, revealing that the monarch is determined to regain some control over the unorthodox union. "Her Majesty is considering having **Prince William** step in and walk Meghan down the aisle; it's not exactly a perfect solution since it means Harry would be down a best man. The queen already feels like Meghan has broken enough traditions — this may be one step too far."

## BUCKING THE PALACE

Harry, 33, and Meghan, 36, are quickly acquiring a reputation for doing things their way. Besides choosing the quaint St. George's Chapel for their wedding — instead of grand, traditional Westminster Abbey, where William married **Duchess Kate** in 2011, and where the Queen herself got hitched in 1947 — there's been

## Obedience School

On March 12, Meghan joined Harry and Queen Elizabeth for a church service commemorating Commonwealth Day at Westminster Abbey — where Meghan was spotted nailing the lyrics to "God Save the Queen." Hey, she needs all the grandmother-in-law brownie points she can get!

**Meghan describes her dreadlocked mama as “a free-spirited clinical therapist” who teaches yoga and loves Al Green songs!**

## THE OL' SWITCHEROO

Sources says Meghan is lobbying to have her mom, Doria, walk her down the aisle — but she might be saddled with Prince William instead, if the Queen has her say — and she usually does!

buzz that Meghan will carry a multicolored bouquet, not the customary all-white blooms. Plus, rumor has it she will give a speech at her own wedding reception, which would make her the first royal bride to do so.

While Kate was happy to let her dad walk her down the aisle to greet her groom, Meghan remains closer to Doria than with her hermit father, Thomas Markle Sr., who lives alone in a quiet Mexican village — and *Star*'s source speculates that Thomas wouldn't want the job anyway: “He's not keen on being in the world's spotlight, and Meghan knows he'd be happier on the sidelines rather than front and center.”

At least he's getting an invite, though! Two

of Meghan's other relatives didn't make the cut — her estranged half sister, Samantha Grant, who has publicly called Meghan a social climber and accused her of neglecting her family; and Meghan's half brother, Tom Jr., who according to a source “caused Meghan great embarrassment” after being arrested for holding a gun to his fiancée's head.

“Meghan has definitely endured her share of drama from her dad's side of the family, and just isn't that close with him,” shrugs the source. “But only time will tell if Meghan can get away with such a break from tradition and make her mom part of the ceremony. The queen ultimately has the final word.” ★

## FROM THE SMALL SCREEN TO THE BIG HOUSE!

### Bite Me!

Heather “practically” bit off boyfriend Chris Heisser’s nose during their Feb. 25 bustup, according to officers, who didn’t fare much better: Heather kicked one in the crotch, shrieking “You f\*\*\*ing deserve your kids to die! You f\*\*\*ing deserve it!”

### Did DUI Do That?

Spending four weeks in rehab for drug and alcohol abuse in 2008 didn’t make a dent; just three months later, she was arrested for a DUI after California police found her “disoriented and impaired” inside a car parked on a highway in Montecito that was blocking traffic.

“She does have a gun,” a source tells *Star*. “She thought it would be good to get one for her safety.” What about everyone else’s?

### Locking It In

From a drawer full of kinky toys to a pager reserved for booty calls, sex is Heather’s main weapon: “She’s great in bed and uses that to manipulate men,” the source said of Heather, who recently attacked Chris (above) and had regular blowups with Tommy (right).

# Heather's STORMY & STEAMY HISTORY!

AS HEATHER LOCKLEAR PLUMMETS TO A PATHETIC NEW LOW, STAR EXPOSES THE DARK PAST THAT LED THE MELROSE PLACE ACTRESS TO ROCK BOTTOM.

**S** EX. BOOZE. Nosy neighbors. Once *the It Girl* of the '90s, in the past few years **Heather Locklear**'s chaotic life has seemed more like a scrapped plotline on *Melrose Place*. In February, the blonde bombshell landed behind bars after nearly biting off her boyfriend **Chris Heisser**'s nose, then attacking police who were called to the scene at her Thousand Oaks, Calif., home — all in front of her horrified 20-year-old daughter, Ava! But drunken spats and embarrassing meltdowns are no surprise to those in her inner circle,

who tell *Star* how Heather went from the A-list to rock bottom.

"She's wild," reveals an insider close to the actress, 56. "This blowup with her boyfriend is nothing new for Heather; when it comes to men, she loves drama."

In that case, she should be happy as a clam: her little lovers' quarrel landed her in the pokey, and also prompted a search of her home, where she allegedly keeps her Smith & Wesson .38 revolver. Released on \$20,000 bail, Heather was charged with one count of resisting arrest and four counts of battery on a police officer. If convicted, she is facing four years in jail and a 10-year firearm ban.

But so far, she doesn't seem to be taking it very seriously, judging by the fact that she was a no-show in Ventura County Superior Court on March 13 and is now due back on April 13 for her first arraignment. *If* she lives that long, frets a friend: "History repeats itself, and if she goes back to her old ways, she may not survive." With every fizzled romance, the once-promising actress sinks deeper into her vices.

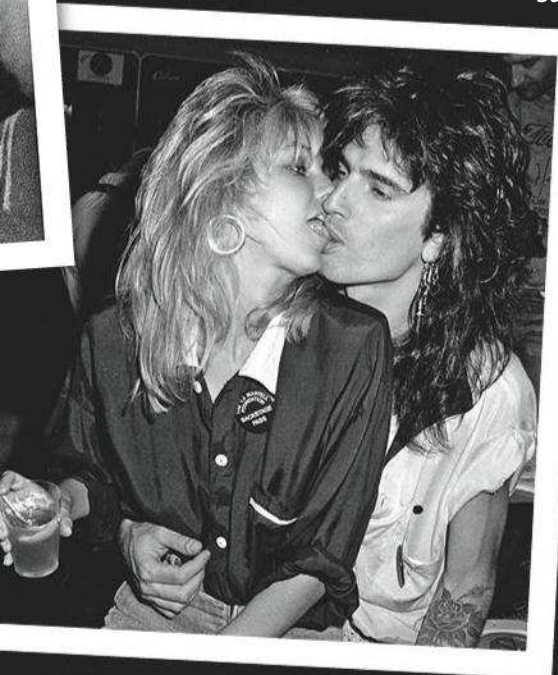

## LOVE SICK

The trouble began back in 1993 when she ended her seven-year

marriage to Mötley Crüe drummer **Tommy Lee** thanks to his endless string of on-the-road affairs. She almost immediately took up with a different rocker, Bon Jovi guitarist **Richie Sambora**, marrying him the following year. During their tumultuous romance, Heather became a mother — and an addict, reportedly abusing prescription meds. After their 2007 divorce, she spent four weeks in rehab, but just three months later she was arrested on DUI charges in California.

Heather's worrisome behavior didn't end there. In 2010 she reportedly drove her car up a curb in her gated L.A. community at 4 a.m., smashing into a parking sign and fleeing the scene. Even more frightening, she was rushed to the hospital in January 2012 after her sister called 911, saying Heather was "out of control" after ingesting a mix of pills and alcohol. The near-fatal episode came just days after a violent altercation with her then-boyfriend and *Melrose Place* costar **Jack Wagner**, who had just called off their engagement after three months.

Now, facing her golden years and the end of her career, "Heather is still in a very dark place," reveals our source. "She will stop drinking for a while, but will relapse. Everyone is so worried. It's truly such a sad situation." ★

## SHIRLEY MACLAINE & WARREN BEATTY

No rivalry here — at least not anymore! Although the siblings are both screen legends in their own right (and both have an Oscar on their shelves), they didn't find success at the same pace. When he was starting out, Warren was frustrated at being known only as Shirley's little brother. But when his star began to outshine his older sister's, his good fortune didn't exactly sit well with her either. Today, the actors are happy to support each other, but who knows how much prodding it really took from their mom and dad over the years.

## JENNY & MELISSA MCCARTHY

Growing up with someone doesn't mean you won't grow apart. The future funny ladies were super close as kids in Illinois, and the *Playboy* babe even got Melissa her first on-camera role in her '90s series, *Jenny*. But these days, the *Bridesmaids* star says they are in "opposite worlds." Melissa even skipped out on Jenny's wedding to **Donnie Wahlberg!**

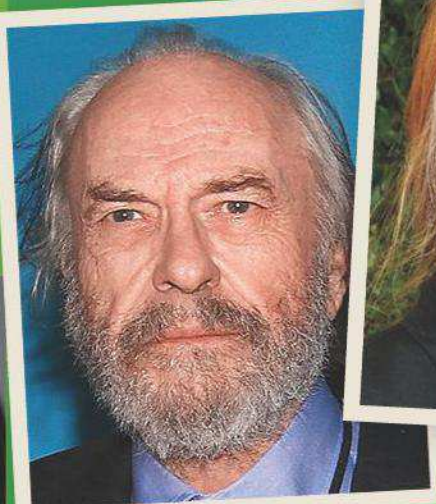

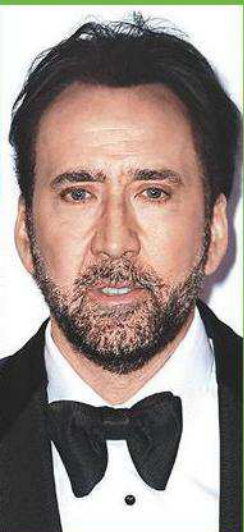

## SNOOP DOGG, BRANDY & RAY J

Brandy and her little brother, Ray J, may have kept their affiliation with the gangsta rapper on the down-low during their UPN sitcom days (after all, Snoop was once on trial for murder), but that's not to say there's any beef among these cousins. In 2006, Snoop explained that when the trio discovered they were related they initially decided to keep it a secret: "We never really told the world because we weren't trippin' off of that, but that's my family."

## NICOLAS CAGE, SOFIA COPPOLA & JASON SCHWARTZMAN

These stars are one big Italian family! Only time will tell if the generation to come will stay in the family business!

The Oscar-winning actress credits her older cousin with paving her way to success. While Sissy was working as a model in New York in the early '70s, Rip, already a Tony Award nominee, introduced her to his circle of Broadway friends and encouraged her to enroll in Lee Strasberg's Acting Studio. Sissy's career-defining role came just a few years later when she beat the odds to score the coveted lead in the big-screen adaptation of Stephen King's *Carrie*.

So what words of wisdom did George pass on to his nephew? "The advice he gave me is, 'Get on one of the best sitcoms of all time and then ride it out.'" Not that it stuck: Jason left *SNL* in 2013 to pursue a film career, and it may still be a while before the Oscars come calling.

## AL ROKER & LENNY KRAVITZ

You'd be wrong if you thought America's favorite weatherman was lacking in street cred. After all, he's related to a rock star! The unlikely duo, whose Bahamian grandfathers were cousins, bonded over their shared lineage on *Today*. "All I know is that I'm going with it," said Al. "My kids think it's cool." As for the Kravitz side, we're guessing it's not a bad thing to have someone in the family who always knows when it's going to rain?

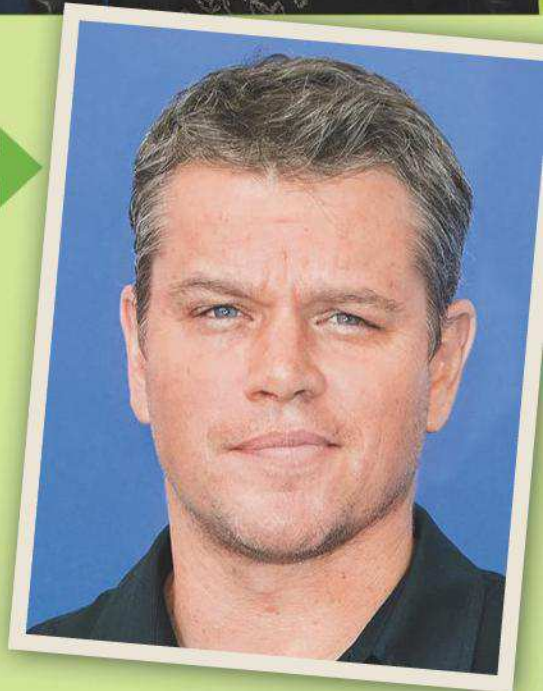

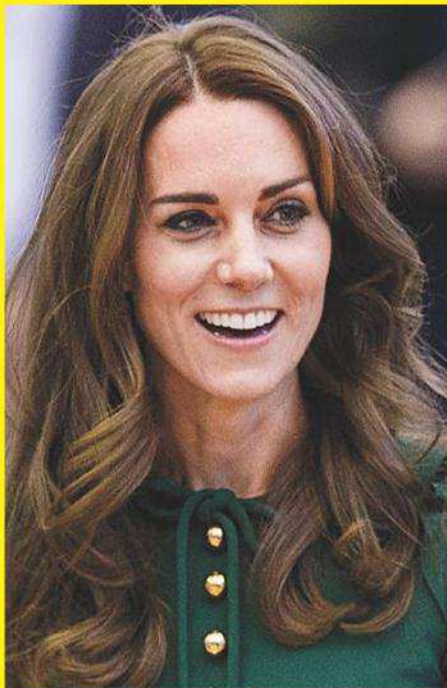

**SECOND COUSINS!**

## BEN AFFLECK & MATT DAMON

You can't pick your family, but if you could, we're guessing these BFFs still would have chosen each other. The Massachusetts-bred stars, who won Oscars for cowriting *Good Will Hunting*, are childhood pals and 10th cousins, both descended from a bricklayer who traveled from England to the U.S. in the early 1600s.

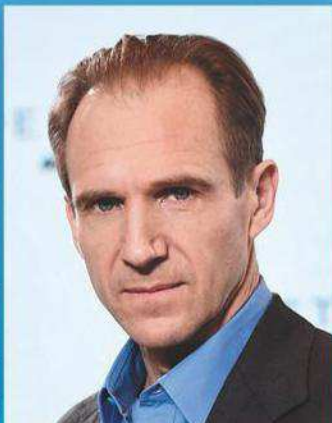

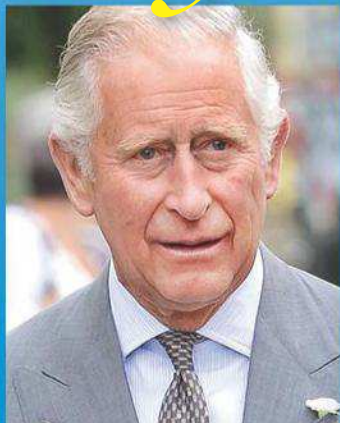

## DUCHESS KATE & DAKOTA & ELLE FANNING

Did their royal wedding invite get lost in the mail? In May 2014, Ancestry.com discovered Elle and Dakota are distant cousins of the duchess as the gals are all descendants of King Edward III. Throw **Pippa Middleton** into the mix and those are some real #sistergoals.

DISTANT COUSINS

## PRINCE CHARLES & RALPH FIENNES

Wait, Voldemort has ties to Kensington Palace? It turns out that Ralph, who portrayed Harry Potter's greatest nemesis, and the future king of England are eighth cousins. Both direct descendants of King James II of Scotland, these Brits have already fared far better than their ancestor: The king was killed in 1460 at the age of 29 when a cannon he was standing next to exploded. Yikes!

## QUEEN ELIZABETH II & HILARY DUFF

Apart from **Meghan Markle**, this Disney princess is the closest any American celeb will come to the real thing! The *Younger* star is an 18th cousin of the British monarch, which pretty much guarantees the queen a very comfortable couch to crash on should she ever make the trip out to Hollywood.

# Star WICKED Whispers

## Selena Steams Up HOT PILATES CLASS

With rumors swirling that she and **Justin Bieber** are on the rocks (turn to p. 41), is **Selena Gomez** going to extreme measures to get a little male attention? Spies at her hot Pilates class in West Hollywood say Sel got so sweaty in the 90-degree room that she whipped off her top in front of her mega-stunned male workout buddies! "The guys were astonished," giggles a source who saw Miss Gomez get half naked after her workout. "Selena yanked off her drenched clothing before hitting the locker room, and seemed perfectly comfortable letting it all hang out." The shocked dudes froze stiff, but Selena just rolled her eyes and muttered, "It's not like it's anything you've never seen before," then sauntered off — slowly! — to change. Can you Believe it?

## Kathie Lee a Sweet SOUTHERN COUGAR?

**Kathie Lee Gifford** has been finding some good old-fashioned Southern comfort down in Nashville, where she's been spending her free time working on new music — and maybe a few new romances. "It's no wonder Kathie's been heading to Tennessee every chance she gets," snitches a pal. "She hasn't had this much attention from the opposite sex in years!"

One night, KLG went out to dinner in a sexy leather and lace outfit, and on her way back to the hotel, some flirty men in their late 20s starting grinning at her like love-struck schoolboys!

"One of the boytoys drawled, 'Ma'am, you look just like a young Kathie Lee Gifford — but way hotter!'" titters the tipster. "Never at a loss for words, Kathie smiled back and said, 'Why, I've heard that before, thank you kindly!'"

## WHO COULD IT BE NOW...

*This very happily hitched movie star man and his equally famous wife have a top secret open marriage — with same-sex partners! Each is allowed an extracurricular romp if the other approves first. He likes getting it on with boys and she's always been into girls, but all bedroom buddies with benefits need to get the once-over from their spouse before it's full steam ahead!*

## Babs Goes Bonkers OVER CRYING CANINES!

Puppy, can you hear me? No, because you're barking too loudly! **Barbra Streisand** is wondering if she made a mistake by filling her house with dogs to fill the void when her beloved pooch Samantha died. Not only did Babs get Miss Violet and Miss Scarlett — who are clones of dearly departed Sam — but she also adopted a few other pooches as well!

While she suddenly had her fair share of companionship, she also had a migraine thanks to the nonstop yippity-yapping in her once serene house. "Having so many energetic little barkers in her home was too much for Babs," snipes a pal. "When a staffer's little girl started playing with one of the rambunctious rescue dogs, Barbra belted: 'Take her home with you, please! She's yours!'"

## Cait Holds Her BIG HEAD HIGH!

Caitlyn Jenner caused a kerfuffle at a cineplex in Westlake Village when a miffed movie fan complained the 6-foot-2 reality star's larger-than-life noggin was getting in the way of the big screen. "This small woman seated behind Caitlin was complaining loudly that she couldn't see a thing, and all eyes were suddenly glued on Cait," whispers an witness. "The crabby lady wouldn't shut up, insisting she shouldn't have to move, since she had reserved her seats. Ushers came to mediate, but Cait got fed up and finally just took a seat in the back of the theater where no one could complain — or kick the seat behind her!" Two thumbs down!

# Star BURNING Questions

## Is **Lindsey** ready to retire?

Olympic skier **Lindsey Vonn** has come into quite a few super-Gs after selling her “state-of-the-art oasis” in Beverly Grove, Calif., for a cool \$3.65 million. With more than 4,000 square feet of living space, the streamlined four-bedroom, 4.5-bath estate is outfitted with floor-to-ceiling glass windows and sliding doors, as well as a floating staircase and blown-glass light fixtures.

As for why the Olympic skier is pulling up stakes? Lindsay may be angling for a place closer to Hollywood! After announcing that an avalanche of injuries likely ended her Alpine career, the gold medalist is now focusing on becoming an actress — and is being mentored by **Dwayne “The Rock” Johnson!** ★

## Who almost drove **Demi** to drink?

Say a (serenity) prayer for **Demi Lovato**. In a shocking new interview, the sober “Sorry Not Sorry” singer revealed that she left the 2016 Met Gala to attend an AA meeting! “This one celeb was a complete b\*\*\*\*. I remember being so uncomfortable that I wanted to drink,” said Demi, who did not name the A-lister, although photos show **Nicki Minaj** giving her some major side-eye. “I had millions of dollars of diamonds on in an AA meeting [but I] related more to the homeless people [there] than the people at the Met Gala.” ★

## Did **Nicole** give up Botox for Lent?

Most people swear off candy, alcohol or carbs for Lent, but has **Nicole Kidman** forsaken her plastic surgeon for 40 days? Although Hollywood has long whispered about her wrinkle-free face, the 50-year-old actress looked almost unrecognizable on the set of *The Goldfinch* in New York City, thanks to a gray wig and a ton of aging makeup! This isn’t the first time Nicole has undergone a big, little makeover for a movie role. In 2002, she wore a prosthetic schnoz to play Virginia Woolf in *The Hours*. “I did enjoy being anonymous,” Nicole said at the time. Just until the director calls cut, right, Nic? ★

**Why doesn't Amy want to take Chris' last name?**

Don't expect to see **Amy Schumer** waiting in line at the DMV! After marrying chef **Chris Fischer** in a surprise ceremony, the *Trainwreck* star revealed that she won't be taking her new hubby's last name. "I'm not Amy Fischer! Do you remember who Amy Fisher is? The Long Island Lolita," Amy explained to her father Gordon in an Instagram story, referring to the then-17-year-old (inset) who spent seven years behind bars for assault after shooting her lover Joey Buttafuoco's wife, Mary Jo, in the face in May 1992. "No, I'm keeping my last name!" ★

## Gaga's Good Romance

Malibu, March 11

She wants his love-love-love! **Lady Gaga** and her rumored fiancé, talent agent **Christian Carino**, couldn't keep their hands off each other during a trip to the beach, cuddling on the sand with a cup of coffee before puckering up in the front seat of the pop star's beloved '65 Lincoln Continental convertible.

But she better get her poker face ready. Gaga is slated to begin a two-year Las Vegas residency later this year at the MGM Park Theater, a deal valued at nearly \$100 million, or \$400,000 a performance. "I was made for this town," the singer said. "This is just the beginning of a new era!"
