I love playing with my dog Chloe and sometimes I read Little Angel to her. She loves them too!

Thank you Little Angel, Abby xx

WORDS OF Wisdom

WE ASKED SOME SUPER CELEBS TO HELP
ANGELS WITH THEIR TROUBLES...

Dear Little Angel,

My dance recital is coming up... but I'm really nervous! I'm scared that I'll get stage fright and won't be able to go on stage. Please help!

★ Keiko (7)

AMELIA SAYS: "I used to get nervous in front of the camera, and I still do sometimes! I actually started working on stage fright in primary school by speaking at assemblies. I've learnt that I do best when I'm well prepared, so knowing what I'm going to say, or even having notes where possible helps. My advice is always take a deep breath and know that you can do it!"

Dear Little Angel,

I really love playing cricket but the boys in my class won't let me play! They say girls aren't as good as boys, and they won't let girls join in the game at lunch time. What should I do?

★ Clara (10)

GEMMA SAYS:

"The way I see it, no one should have to 'prove' themselves. My advice would be do what you love, whether it be just for fun or competition. If cricket is your passion, no one can take that away from you."

MULTI-TALENTED Mikaela

Mikaela is only 10, but she's already a superstar! She raises money for charities, is involved with Nippers and would love to be a chef or an athlete when she grows up.

Hi Mikaela! You did some amazing fundraising recently – can you tell us a bit about that?

I raised money for the Royal Flying Doctor Service (RFDS) by having a stall at my local shops. I sold handmade Christmas decorations, popcorn, chocolate and RFDS stickers. Afterwards my family and friends donated money. My total fundraising for the RFDS finished up at \$318.

What made you decide to help them?

The RFDS provides medical services to anyone who lives, works or travels in rural or remote Australia. I read a book about the RFDS at school and decided it was a good cause.

Mikaela at her stall, helping raise money for the RFDS!

What other charities have you helped?

I have helped my local surf club and have donated pocket money to the Australian Indigenous Education Foundation.

You're also interested in being a chef. What do you like to make?

I like to make desserts, cakes and slices.

We hear that you might want to be a professional athlete when you grow up. What sports do you play?

In the summer I do Nippers and in winter I play soccer. All year round I swim. Nippers is my favourite.

Lucky Mikaela got to tour the RFDS Brisbane base as a thank you for her fundraising efforts!

Mikaela's Faves

Animal? Monkey
Food? Ravioli and cheese
Book series? *The Cupcake Club*

Who do you look up to?

Adriano Zumbo, because he thinks and cooks outside the box. Matt Bevilacqua, because he is an ironman legend and rides the big waves. Kelly Slater, because Kelly keeps trying when things get hard.

WHAT'S YOUR STORY?

We want to hear about your special talent or interesting story! DRINK DASH

I was looking around in a clothing shop with my friends and I was holding a can of drink in my hand. I wasn't paying attention to where I was going and I tripped, splashing the whole can all over a rack of clothes. I immediately ran away but my friends won't let me forget about it! **Beth (11)**

FENCE TRIPPER

One time I went to jump over a fence to impress my friends, but instead I jumped and my shoelace got stuck on the top! I fell and was laughed at by so many people. It was so embarrassing! **Tamia (12)**

BUSINESS BLUNDER

I went to the school toilets during lunch and closed the door to do my business, but I forgot to lock the door. It flung open and a girl that I didn't even know saw me on the toilet. So embarrassing! **Deja (8)**

BALANCING ACT

I was at school and I was balancing while walking along a garden edge. My friend suddenly jumped on my back and accidentally knocked me over! When I fell, I knocked over a boy in my class. Everyone was laughing and staring at me – I was so embarrassed! **Isabelle (7)**

FARTING FOR YOU

I was in the school library doing some iPad work when I felt my stockings slip down because they were a bit loose. I pulled them up but didn't realise my butt was facing a boy and he said, "Why are you farting in front of me?" I felt SO embarrassed and the worst part was that the whole library heard! That was MEGA embarrassing. **Emily (9)**

LOST AND FOUND

One day I was at the museum and I lost my mum! I walked out of the building and found a person I didn't know. She took me back inside and took me to the information desk but when we were going to the back office I saw my mum. Phew! **Leah (6)**

Clownfish

Make a splash with these cool creatures...

Best friends forever

Clownfish are also known as anemonefish! This is because they have a special relationship with sea anemones. While their poisonous tentacles are pretty dangerous, clownfish are kept safe by a layer of mucus. Ew! They also help each other with food – clownfish are so bright and colourful that they attract big fish who swim up to the anemones and get stung and paralysed. Then it's dinner time for everyone!

Cool colours

Bet you didn't know there are 28 different species of clownfish! They come in all sorts of colours including pink, yellow, orange, red, brown and maroon. Pretty!

Oh boy

All clownfish are born boys. They can turn into girls when they're a bit older. How amazing! Clownfish live in small groups led by one dominant female. If this boss fish dies, the largest male fish will change into a female and become the new leader.

Talk to me

According to a special study, clownfish are great communicators! They use popping and clicking noises to talk to one another and share 'gossip'.

Fast Facts

- A female clownfish can lay 1000 eggs at a time. Whoa!
- Clownfish are omnivores – they eat algae, plankton, worms and small crustaceans.
- Clownfish get their name because of their stripes, and because they bounce around in the water. They're actually not very good swimmers.

FAMOUS FACES

Nemo is a clownfish! Since *Finding Nemo* came out, Clownfish have become very popular pets.

Diary Of A Dugong

Keeper

Samantha Hillman is a Senior Dugong Keeper at Sea Life Sydney Aquarium! What a cool job! We asked Samantha to spill what it's like behind the scenes...

How did you land your job at Sea Life Sydney?

I grew up by the ocean and I always knew I wanted to do something ocean-related. I started studying – I actually went overseas and did a marine mammal medic course. I came back and started working here. I've been here for 8 and a half years.

What's a typical day like for you?

So my job involves many different things. Things like testing water quality, food prep, scuba diving, feeding the animals, enrichment where we give a lot of our animals many different things to do throughout the day, training animals for husbandry reasons.

Tell us about the dugongs you care for. What are they like?

We have two rescue dugongs. We have a male – his name is Pig, and he's 19 years of age. We have a female as well and her name is Wuru. Dugongs

are a tropical and sub-tropical species. This means they will be found further up north – from about Shark Bay in Western Australia all the way up over the top of Australia and all the way down to about Moreton Bay on the east coast of Australia.

Are they dangerous at all?

No, not at all. They're herbivores, so they eat sea grass. They're pretty much the cows of the sea.

What are your most favourite and least favourite parts of your job?

My favourite is definitely, because I've been here for 8.5 years, I've really seen them grow up. And doing training and swim interactions with them as well. The least favourite? That's a very very hard question. Probably, leaving them for a week or two to go on a holiday.

Do the dugongs recognise you and then miss you when you're not around?

Yeah they most definitely recognise myself and another keeper. They're very cheeky. Pig, if he knows we have a new junior keeper starting with us, he can definitely know that and he will actually hide the feeding trays from them and play some tricks on them. Wuru is quite the opposite – she's shy and timid.

What do dugongs eat?

They eat lettuce. Between the two of them, easily about 80kg a day. From 7:30 in the morning to 8 o'clock at night they're constantly feeding. We pop in a tray probably every 10-15 minutes throughout that time.

Do you have any advice for Little Angel readers who might want to follow in your footsteps one day?

If that's something they're passionate about, just keep at it. Study, do volunteer work, don't give up, don't let anyone tell you that you're not capable of it.

Sea Life Sydney is launching a 'Day in the Life of a Dugong Keeper' experience in April! Guests to the aquarium can go behind the scenes and learn all about what it takes to look after dugongs Pig and Wuru. Visit www.sydneyaquarium.com.au for more details.

We ♥ Mer

Dive in with us as we explore the wonderful world of mermaids!

What is a mermaid?

Mermaids are creatures that are half-human and half-fish. The top half of their body looks just like a human and then from the waist down they take a fish-like form with a scaled tail. Cave paintings of magical female characters can be traced back to the Stone Age but it still remains a mystery as to whether mermaids have actually been spotted in real life!

Screen splash

Here are some of our favourite mermaid shows and films:

H2O: Just Add Water

The Little Mermaid

H2O: Mermaid Adventures

Mako Mermaids

Fun fact:

Actress and swimmer Annette Kellermann was known as 'the Australian mermaid' and was the first actress to wear a swimmable mermaid costume on screen in the 1911 film *The Mermaid*. Annette also designed her own mermaid swimming costumes and sometimes even made them herself!

mermaids

Cute craft

We made these mermaid friends out of toilet rolls, coloured paper, glitter glue and texitas!

Tails around the globe

All over the world there are different stories or beliefs about mermaids including...

Some of the most famous mermen are Poseidon and Triton from Greek mythology.

In African and Brazilian cultures, Yemaya (also known as Yemoja) is the goddess of the ocean who protects women and children. In pictures she looks like a mermaid!

Suvannamaccha is a mermaid princess in south east Asian folklore. You may spot framed pictures of her in shops and homes in Thailand – it's to bring good luck!

According to Scottish folklore, the Ceasg has the upper body of a beautiful woman and the tail of a young salmon and could grant three wishes to anyone who captures her!

Fierce pirate Blackbeard was so afraid of mermaids casting a spell on his crew that he avoided travelling in areas where there were large numbers of mermaid sightings.

The town of Weeki Wachee in Florida, USA is known as the "City of Mermaids". They have been putting on live mermaid shows since the 1940s!

In 1492 explorer Christopher Columbus thought he spotted a mermaid but it was actually the first recorded spotting of a manatee.

In China and Japan there are legends that the tears of a mermaid could create pearls!

In South Australia, there's a mermaid named Salacia who travels across Adelaide beaches and spreads the message of how important it is to keep beaches clean and protect sea life. Up in northern QLD, Mermaid Cheli and Mermaid Cora often visit Reef HQ to also share the importance of keeping our beaches and water clean.

Are You Sea-rious?

Prepare to be amazed by these fascinating sea creature facts!

Narwhals are known as 'unicorns of the sea' because of the long tusk at the top of their heads, but did you know that they're not actually tusks? It's a SUPER long tooth!

A prawn's heart is in their head and crabs' teeth are found in their stomach!

The term 'pup' doesn't just describe a baby dog, it's also the name for baby sharks and baby seals!

Tardigrades, which are micro-animals also known as water bears, are pretty tough creatures – they can survive temperatures as low as -272°C and as high as 150°C !

An octopus has three hearts and their blood is blue!

Jellyfish have been around for at least 600 million years, which means they've existed longer than dinosaurs and sharks!

Despite their name, killer whales are actually dolphins!

When it's naptime, sea otters wrap themselves in kelp to help stop them from drifting while they sleep.

Which Splashlings Realms Mermaid Are You Most Like?

Mermaids are the tiny guardians of the ocean who along with their precious ocean friends call themselves Splashlings. The amazing world where Splashlings live is really your world too, and we must all work together to protect the world we share!

Circle the shells that most describe you and see who your mermaid bestie would be.

Precious PETS

Dr Angela from the RSPCA is here to help you solve your pet dilemmas!

Dear Dr Angela,

I have a large 7-year-old tomcat called Licky, and I recently got a kitten

named Story. She's really sweet and doesn't scratch or bite me, but she seems to be a bit of a bully to Licky. She drinks his water, eats his food, sleeps in his basket, and pounces on him or scratches his tail when he's just trying to have a snooze. Also, Story won't use her cat flap. We tried everything, but she doesn't seem to understand. She will go outside when we open the door for her, but not through her cat flap. Please help us!

Love from Kate

Hi Kate,

It can be very stressful for Licky, not only having to adjust to another fur-creature competing for human affection, but also having to share his things! It would be a good idea to prevent Story from having access to Licky's things and train Story to use

her own things instead. It will take time and patience to teach Story to use her cat flap. You can start by tempting her with her favourite treats near the cat flap to create an interest in the cat flap. Then lure Story to go through the flap using some more tasty treats. Make sure you reward her with something tasty every time she does go through the cat flap!

Cheers to vets!

Raise your arms, paws, claws or hoofs and give a shout out to some very important people... veterinarians! They do such important work helping us keep our pets happy and healthy and what better time to show your appreciation than World Vet Day on April 28? To celebrate, Animal Planet are airing an all-day marathon of your favourite international TV vet teams from 6:30am before the new season of *The Vet Life* kicks off at 7:30pm!

Bet you didn't know these crazy pet facts...

Dogs will sneeze as a signal to other dogs that they're just playing with them not fighting!

Cats can't taste sweet things!

'Jaws' is one of the most common names for a goldfish.

your pets

This is my budgie Angel. She is 2 years old and is soooo cute. She loves ringing bells, looking at herself in the mirror and pecking at my JoJo Bow! I don't know why but suddenly I nicknamed her Ding. Ha ha! **Emily (10)**

This is a photo of my Border Collie Emerald Rose (or Emmi), my sister Eden and myself. She hurt her paws, that's why they're bandaged up but she's all better now. Emmi loves to chase balls, chew toilet rolls and bite your fingers. She is very playful and soft and I love to give her cuddles! **Ruby (9)**

WE WANT TO SEE YOUR PETS!

She's Got the

Nice Stuff

Whether she's an energetic and cheerful kitty or a fire-breathing Rage Kitty, if there's one thing that Unikitty hates, it's meanness! Here are some things that we've learned from this royal ruler...

Speak up

It doesn't matter if it's happening to her friends or to Master Frown, if Unikitty sees someone being mean, she will let them know that what they're doing is wrong!

Spread the positive vibes

A lot of the time people are mean because they're unhappy so why not brighten someone's day by saying hello, giving them a smile or compliment, or singing a happy song. It's what Unikitty would do!

Always apologise

Nobody is perfect, not even Unikitty! She can be stubborn sometimes and a little competitive but she knows when she's wrong and isn't afraid to say she's sorry.

Powerful protector

You don't need to be a ruler of a kingdom to look out for others, nor do you need to do anything crazy to save the day – it could be something as simple as helping out your younger brother or sister. Like when Unikitty tried to help Puppycorn make new friends!

Dance it out

When all else fails, have a dance party! Unikitty LOVES them - it's a great way to bring everyone together and also an opportunity to shake off all the negativity. Woo hoo!

Tune into *Unikitty!*, Fridays at 4:30pm from April 27 on Cartoon Network!

Introducing MOLANG

If you're a fan of Hello Kitty, Miffy or Pusheen, you're going to LOVE these adorable besties. We've got you covered on what you need to know!

WHO IS MOLANG?

Molang is a quirky and enthusiastic rabbit who finds happiness in everything he does. His best friend is a shy and emotional little chick named Piu Piu. Fun fact: Molang's look was inspired by Korean sticky rice. LOL!

WHERE WAS MOLANG CREATED?

Molang was originally a cute instant messaging sticker created in Korea by Hye-Ji Yoon. The characters became such a hit that it wasn't long before they were developed into a short cartoon series in France!

WHAT LANGUAGE DO THESE CUTIES SPEAK?

Molang and Piu Piu don't speak a language that we understand – they just make noises. Don't worry though, you can still understand what's going on, plus there's sweet music that matches the mood!

WHAT'S THE SERIES ABOUT?

It follows the different adventures these besties go on, so anything from a simple activity like watering the vegetable patch to something extraordinary like flying to the moon! Sometimes their other friends join them and sometimes Molang and Piu Piu wear disguises or costumes. Each episode is about 3 minutes long so they're super easy to watch!

WHERE CAN I WATCH IT?

Molang is available to watch on ABC iView from Sunday, April 1. Hooray!

GLAD YOU

GAME

Meet Gemma - she's the cool new co-host of *Good Game: Spawn Point* on ABC ME

Catch *Good Game: Spawn Point* on ABC ME, Saturdays at 9am!

How did you land your awesome new job?

I had to make a two-minute video reviewing a game, then went on to do a face-to-face interview and I got to work with Rad and Goose. From there I had to write a full review and then take a crack at doing a 'Let's Play' on camera. I got a call later that week and I got the job!

Wow! Congratulations. Can you tell us about the show?

Good Game: Spawn Point is a show 'for gamers by gamers'. We play and review new games, cover gaming news and explore the wonderful,

wacky world of gaming!

So, tough question next, what's your fave video game of all time?

One that sticks out for me is *Drawn to Life* and *Drawn to Life: The Next Chapter* on the Nintendo DS!

Do you have any advice for Little Angel readers who love gaming and might want to follow in your footsteps one day?

Find out what it is you love about gaming! Is it playing games? Writing about games? Making your own games? If it's writing, practise writing your own reviews! I started recording myself reading mine so I could

get used to working on camera. It's never too early to hone your skills!

Apart from gaming, what do you love to do in your spare time?

I'm either listening to music or working on making costumes for upcoming conventions. Sometimes both!

If you could travel anywhere in the world, where would you go?

Japan!

What's your favourite snack?

I can't go past a big bowl of popcorn.

Magnificent

MaeMae

We chat with MaeMae Renfrow, who plays Tess on the mysterious TV series *Hunter Street*!

Hi MaeMae! What can we expect from Tess and the gang this season?

You can expect a lot more mystery – which I didn't know was possible! There are new characters and there are lots of different places that we film in, like in a castle!

It must be so cool filming in Amsterdam! If you could travel anywhere in the world, where would you go?

Actually, I think I want to come to Australia!

Are you like your character Tess?

We're both very independent and kind of do what we want to do. We have the attitudes of 'if you want to come with us, you can come with us but I'm gonna do my thing!' She's really strong with her family and I feel very strong with my family. I think the differences between me and Tess would be that she's more of a book

nerd but I'm more into video games!

What's it like having so many on-screen siblings?

It's actually really, really fun to have all these different siblings because also, outside of filming, we're actually like a family. We have group chats and we're always talking to each other, laughing and having a good time.

What's your most memorable moment from being on set?

There are so many good memories but

I feel like the best memory I have – and it's something we did almost every day – is from being in the make-up room in the mornings. We'd all be getting our make-up and hair done, listening to music and dancing around. We'd be laughing and singing and I think that's a really good memory.

Fast Faves

Food: Tacos or any kind of pasta!

Animal: Ocelot

Movie: *The Nightmare Before Christmas*

Fun Fact:
MaeMae can lick her elbow!

Season 2 of *Hunter Street* airs on Nickelodeon – weekdays at 5:30pm before the season finale airs on May 4!

Guess what music fans? A little birdy tells us two of our favourite singers ever are working on a duet! Demi Lovato started the rumour when she said this in a magazine interview: "I just did a collaboration with one of my biggest idols. I can't give away who it is yet, but you'll find out soon. I can't wait for the world to hear it. It's an incredible song." Rumour has it, Demi's singing partner is the legendary Christina Aguilera! All about **JOE JONAS**

1 Joseph Adam Jonas was born in Arizona on August 15, 1989.

2 His mum Denise says that Joe was very quiet as a child and that his older brother Kevin would blame him for things!

3 In 2005, Joe and his brothers Nick and Kevin formed the band Jonas Brothers. They were originally called J3 but hated the name and it was Joe who renamed them right before they were about to perform on stage!

4 The Jonas Brothers released four albums – *It's About Time*, *Jonas Brothers*, *A Little Bit Longer* and *Lines, Vines and Trying Times* – before the band broke up in 2013.

5 The Jonas Brothers were also Disney Channel stars – they played the Lucas brothers in the series *Jonas* and starred alongside their good friend Demi Lovato in the *Camp Rock* movies!

6 These days Joe is better known as being part of the band DNCE, but he did release a solo album in 2011, which was called *Fastlife*.

7 DNCE formed in 2015 and the dance-rock band includes lead singer Joe, drummer Jack Lawless,

bass and keyboard player Cole Whittle and guitarist JinJoo Lee. Joe, Jack and JinJoo have been friends for over 10 years!

8 Joe's musical influences include The Beatles, Queen, Stevie Wonder, a lot of funk music and his dad Paul. Aww!

9 Joe has an adorable husky named Porky Basquiat!

10 He used to live in a haunted house! "At night I'd hear people walking through the house and lights would go on and off," he says. Joe and his friends soon moved out of that house!

11 These days he lives with his brother Nick in LA and when it comes to interior decorating, Joe takes charge.

12 Although they get a bit competitive with sports and video games, the brothers are very close. Nick has even been hanging out with Joe in Oz while Joe is filming *The Voice*!

13 Yes it's true; Joe is the newest coach on the Australian version of *The Voice*! This isn't Joe's first taste of *The Voice* though – he was a guest mentor for Adam Levine on the US version last year and enjoyed it so much that he just had to sign up for the new Aussie season!

Chicken Patties

A savoury snack that's simply scrumptious.

Ask an adult to be your assistant in the kitchen!

YOU WILL NEED:

- 1 x can chickpeas, drained
- 500g chicken mince
- 2 tablespoons fruit chutney
- 2 teaspoons curry powder
- Olive oil spray

METHOD:

STEP 1. Use a potato masher to mash up all the chickpeas. You can do this in a bowl or on a chopping board.

STEP 2. In a bowl, combine the mashed chickpeas with the chicken mince, chutney and curry powder. Stir with a spoon until well combined.

STEP 3. Make sure your hands are nice and clean before rolling the chicken-chickpea mixture into small patties. You should be able to make about 15-20. Place patties on a plate and refrigerate for 2 hours.

STEP 4. Spray a frypan with olive oil spray. Cook patties over medium heat, using a spatula to flip patties over occasionally. They should be cooked after 10 minutes.

Serve chicken patties with a greek yoghurt dipping sauce, or pop them on a sandwich with cheese and lettuce!

Add a dash
of swishy
fun to your
life with this
cute tassel
keychain
craft!

You will need:

- Different coloured embroidery thread
- Metallic thread (optional)
- Scissors
- Keyring
- Beads
- Ruler

**1****2****3****4****What to do:**

Step 1. Pick a coloured thread and wrap the thread around your fingers multiple times until you're happy with the thickness of your tassel. Make sure you don't wrap too tightly because you need to be able to slide the thread off your fingers when you're done. Then carefully holding the loop between your fingers, cut through the bottom of all the threads.

Step 2. Using the metallic thread (or another coloured thread), wrap around the uncut end of the loop several times. Secure it with a double knot. Trim the tassel end to make it more even.

Step 3. Cut a 20cm long piece of the same coloured thread that you used in step 2 and thread it through the loop at the top of the tassel. Secure with a knot.

Step 4. Hold the two ends of the thread together and slide some beads down before tying a couple of knots to hold them together. There should be enough thread to tightly loop around the keyring a couple of times and securing it with multiple knots. Trim off any excess thread and your keychain is complete!

Bonus craft

You can also use these tassels to give your sandals a new look! Repeat steps 1 and 2 and then use metallic thread or fishing line to thread them through the straps of your sandals. (You may need an adult to help you do this with a sewing needle!)
