Selena rocked a black sequined jumpsuit to match the jacket Taylor was wearing over her snakeskin-print bodysuit. Cute!

Selena & Tay

BACK TO BESTIES!

TAYLENA FANS WERE EXCITED TO SEE THE BFFS REUNITED ON STAGE

Confirming they're still close pals, Selena Gomez made a surprise appearance during one of Taylor Swift's concerts at the Rose Bowl in LA on May 20. The girls reunited to perform Selena's hit *Hands to Myself* - so does this mean the #girl squad is getting back together?!

Taking a moment to thank Taylor, 28, Selena told the crowd, 'This person has never, ever judged a single decision I've made. She's always met me where I've been. She's encouraged me when I've had nothing to be encouraged about. And I don't know if I would be as strong as I am if I didn't have you and your family in my life.'

Tay returned the love on social media, referring to Selena as 'the person I could call at any time of day, who has been there no matter what'.

And fans couldn't get enough of the mini squad reunion. 'Two of the best. Real women with talent,' one fan gushed of their performance, while another added, 'Yasss my baes are together again! #friendshipgoals.'

'I love you, and 60,000 people at the Rose Bowl loved you, too,' Taylor told her friend

While there were a slew of famous faces in the crowd, some celebs joined Tay backstage, including Julia Roberts, Amber Rose and *The Hills* alums Spencer and Heidi Pratt. 'SWIFT GANG GANG,' shared an excited Spencer, while Amber Rose thanked the singer for making her son 'the happiest lil pumpkin ever!' Then there's Tay's surprise performers! Troye Sivan and Shawn Mendes have hit the stage beside her, breaking up the girl power that is Tay and her regular supporting acts, Camila Cabello and Charli XCX. No wonder Tay teased fans, saying, 'I've never been more excited about a tour than I am about this one.'

Emilia admits

'BRAD GAVE ME THE BEST NIGHT EVER'

Recalling her (almost) date with Brad Pitt, *Game of Thrones* star Emilia Clarke admits, 'That was the best night of my life.' In a recent interview with Graham Norton, the British actress revealed her involvement in a charity auction, the 2018 Sean Penn & Friends Haiti Rising Gala in LA back in January. 'I offered time with myself,' she tells, explaining that bidders had

the chance to hang out with the 31-year-old and watch *GoT* with her. 'As the bidding started I realised Brad Pitt was trying to buy me,' she says. 'I looked across the room and he had his paddle up!' Brad, who was reportedly egged on by pal Leonardo DiCaprio, kept going until the price reached \$212K. Though Brad was outbid, Emilia admits, 'It was the greatest moment of my life.'

Tara has hinted she may tie the knot with Sam on TV! 'I'd have to wait and see. It could be fun!'

Beyond Paradise

STILL SMITTEN

Keira says hiding her romance with Jarrod for six months was 'the most challenging time' of her life

LOVE IS VERY MUCH IN THE AIR FOR THESE BACHELOR IN PARADISE FAVOURITES!

The cameras may have stopped rolling for *Bachelor in Paradise*. But the spark was more alive than ever for loved-up duo Sam Cochrane and Tara Pavlovic as they stepped out for the Brisbane Racing Carnival over the weekend.

'When you only want one kiss but have to pose', Sam captioned a sweet snap of the pair sharing a smooch on Instagram. And Tara clearly feels the same way! 'He looks delish,' she added. It comes three weeks after Sam,

31, popped the question to Tara, 28, in Fiji during the show's heart-stopping finale.

And it seems a proposal may not be far away for another of our fave couples! Fellow contestant Keira Maguire, 31, has confirmed she's moved from Sydney to Melbourne to be with her beau Jarrod Woodgate, 32. In a sign of how close the couple have become, Jarrod recently shared a snap of Keira with his sister Nicole's family, captioned, 'Breakfast with the fam.' Sounds like the time might be right to make things official!

'#ShesGettingBig' Kate captioned this snap!

With two boys already, Kate says it will be 'fun' to have a little girl

Kate Hudson
BUMPS OUT!

It's been a month since Kate Hudson revealed she's expecting a baby girl with her beau Danny Fujikawa. And now, at last, she's giving us a glimpse of her popping bump! The star, 39, showed off her expanding belly on a shopping trip with Danny and her mum Goldie Hawn in Brentwood, California, on May 19. It will be the third bub for Kate, who has two sons from previous relationships. Adding fuel to rumours the pair may already be married, Kate wore a stack of three gold rings on that finger - and she can't stop gushing about the musician! 'To have that connection is really powerful,' she smiles.

The actress (here with her biological daughters Sunday, nine, and Faith, seven) says staying in touch with her adopted children 'is very important'

Nicole's HELPING ISABELLA ADOPT

After going through the adoption process in the '90s, Nicole Kidman is now helping her eldest child do the same!

'Isabella has her heart set on giving a child a chance like she had,' a source tells *In Touch*. 'Nicole has been pivotal in the process, pouring her energy into supporting Isabella and Max [Parker, her husband].'

The actress paid for Isabella, 25, and Max to receive pre-adoption therapy and even sprung for a new five-bedroom house for the pair. Nicole, 50, is also due to go to London (where the couple live) later this month to see them. 'She will help them finalise papers and oversee everything, as well as give as much emotional support as she can,' adds *In Touch's* source.

MEET MILES!

At last! Chrissy Teigen and John Legend have introduced their baby boy, Miles Theodore Stephens, to the world on Instagram, after his arrival on May 16. 'We are drowning in his little peeps and nuzzles. Our household feels overwhelmed with love,' posted the model mama. And Miles might end up being the middle child! 'I think I do want to have another baby after this,' admits Chrissy, 32. 'I have a husband who truly loves the whole experience.' Yay!

'I can confirm postpartum life is 90% better when you don't rip to your buttocks,' Chrissy tweeted

Hilary

AT WAR WITH HER NEIGHBOURS!

Hilary Duff has snapped at her New York neighbour, Dieter Addison, in a lengthy Instagram rant, accusing him of smoking 'cigarettes and weed all night long'. 'We know your parents pay your rent. We know you've never worked a day in your life. Must be nice,' she lashed out in a video. 'Have some respect for your neighbours who work hard to live in that building. Don't

be a dick, dude.' And the *Younger* actress didn't stop there, sharing several more posts about the man. 'I really hope your hangover hurts,' she added. The neighbour has now hit back at Hilary, 30, saying that he doesn't smoke marijuana and is, in fact, sober. 'I am getting a lot of hate mail and threats from her fans,' he said in a statement. 'We are hiring lawyers.'

Big Brother's Drew

'LEAVE ME ALONE, LEAH!'

Just three weeks after making their romance public, *Bachelor in Paradise* star Leah Costa, 25, has confirmed her split from *Big Brother's* Anthony 'Drew' Drew. 'You have broken my heart in a way I didn't know it was possible to hurt,' she shared. However, Drew now denies they were ever in a relationship, claiming her love of the spotlight drove him away after she faked an engagement on *The Project*.

leahpcosta Life is hard and sometimes life is cruel. Sometimes your lucky enough to find the person that is everything youve ever been looking for and more, only to discover that they are broken inside and no matter how much of yourself you give or how hard you try, or even how much you love them, and how happy you seem to be, it will somehow never be enough and they will still be searching for something more. You made me happier than I knew I could feel but have broken my heart in a way I didn't know it was possible, @drewanthony_ I hope you find whatever it is your looking for.

'I told her I didn't think we should continue seeing each [other],' he said. 'This was followed by her showing up unannounced to my house and workplace.'

ALL FOR FAME?

'Unfortunately what was a fun casual thing was ruined by her wanting to keep the headlines rolling,' Drew says of Leah.

The actress, 35, stepped out with a rounded stomach on the promo trail for her new show *Pose* in New York on May 17. Angie's shock weight loss

DOWN TO 35KG!

PALS WORRY FOR THE ACTRESS

Still locked in divorce proceedings with her estranged hubby Brad Pitt, Angelina Jolie is struggling to cope amid the stress of their bitter legal battle. And following new reports of Brad's reunion with his ex-wife Jennifer Aniston, the already fragile star is close to breaking point.

Angie was 'heartbroken' and 'incredibly hurt' to hear that the actor had reconnected with Jen, 49 – and it's taking a visible toll on the mum-of-six. Now reportedly down to a tiny 35kg, Angie has her friends concerned. 'She hasn't been eating enough or taking care of herself,' a source reveals of the 42-year-old actress-turned-humanitarian.

Now, with the divorce war still raging on nearly two years after the couple's split, and Angie standing strong in her fight for full custody of their children, it's all become too much for the mum-of-six.

'She feels like she needs to be everything to everyone,' explains the source. 'She's been taking on too much at once, and everyone worries she's headed for a serious breakdown.'

The star's thin frame was evident on an LA shopping trip with daughter Vivienne

BREAKING POINT

'Everyone's afraid that Angie is headed toward a complete physical meltdown,' a source says of the actress.

Brad, here with actress Billie Lourd at the LACMA Art+Film Gala, is back on the social circuit and looking happy again

Pink slams ageist troll

'I'VE EARNED MY 38 YEARS!'

She's never been one to take things lying down, and Pink certainly lived up to her reputation by slamming a commenter who criticised her age and appearance. 'Wow Pink looks so old she should be named Purple instead,' the troll wrote. The 38-year-old singer took the bully to task, telling her followers that she intends to age gracefully. 'I've earned every f---ing minute of my 38 years,' she hit back. 'I am of the mindset that it's a blessing to grow old.' You go, girl!

I am of the mindset that it's a blessing to grow old. That if your face has lines around your eyes and mouth it means you've laughed a lot. I pray I look older in 10 years, cause that will mean I'm alive. 🙌

Love BITES

BABY BAN

Lea Michele is in no rush to have kids, admitting she wants to keep playing younger roles. 'Having a baby might mess that up,' she says.

FOUR FOR ALL

Hilaria and Alec Baldwin have welcomed their fourth child - a little boy named Romeo! 'He's here! He's perfect!' the yogi shared. Aww.

SAD SPLIT

Jack Osbourne and Lisa Stelly have separated after five years of marriage. 'We absolutely still love each other,' they said in a statement.

TO WED... FINALLY!

Eternal bachelor Hugh Grant is set to tie the knot with his long-term partner Anna Eberstein later this month. The couple - who have two children together and another on the way - have filed a notice of intention to marry. Congrats!

Jennifer's BIZARRE APOLOGY

Jennifer Love Hewitt made her first red carpet appearance in long time on May 14, stepping out at the Fox Upfronts in New York to promote her new show 9-7-7. And while the mum-of-two looked perfectly lovely, for some reason, she felt the need to issue a rambling explanation for her (in her mind) dishevelled display. 'I just have to apologise for how wrecked I look in all the pictures that have come out. I looked like I had completely forgotten I was an actress in this business who is supposed to look [perfect] when you step on the red carpet,' the 39-year-old said in an Instagram Story the following day, adding that she hadn't slept the night before, thanks to her two toddlers. 'Honestly, I apologise. I should've really gotten it together!'

SEPARATE LIVES

Gone are the days when David and Victoria were glued to each other's sides. Now, a source says, 'They've simply grown apart.'

'There's no intimacy left between them,' a source reveals. 'It's pretty sad'

Posh was also annoyed that 'women swarmed David and only wanted photos with him', tells *OK!*'s source. 'No-one wanted a photo with Victoria.' Ouch!

Fans gushed about Posh's 'sexy' hubby - while she came under fire for her 'miserable' scowl

Things didn't get any better once the pair were seated inside, as Victoria refused to look at David whenever he attempted to catch her eye

Posh & Becks

EPIC WEDDING BLOW-UP!

THE REAL REASON THE DESIGNER COULDN'T MUSTER A SMILE ON THE BIG DAY

Prince Harry and Meghan Markle's wedding should have been a celebration of love. But for Victoria and David Beckham, it was quite the opposite, with the troubled couple failing to keep the fallout from their latest dramas hidden.

Stony-faced in a dark dress and veil, Posh cut a sullen figure outside St George's Chapel. 'They actually had been fighting so much in the run up to the wedding that they almost didn't go,' an insider tells *OK!*. 'Posh kept insisting that they call Harry for about a month so they could all go out and meet Meghan, but David didn't want to because he knew Harry was busy.'

Rather than put their bickering aside for the joyous occasion, the pair's animosity only intensified at the wedding when Becks praised Amal Clooney's much-lauded ensemble. 'David's first line in the church was, "Wow, Amal looks better in a hat than anyone here!" That went over like a lead balloon,' says *OK!*'s insider, as Victoria 'went from petulant to triple sulk.'

It's no surprise David complimenting another woman didn't sit well with Victoria - who's

endured many rumours of his alleged cheating over the years. Though the soccer great maintains the claims are 'ludicrous', Vic admits the talk has been 'really hard' to deal with.

Things took another nasty turn when Posh realised they weren't seated in the VIP area. 'She was furious,' tells *OK!*'s insider. 'She totally blamed David for this, as he infuriated the Queen last year with emails he wrote complaining about not getting a knighthood. [She said,] "We are like unwelcome black sheep at this wedding and it's your fault!"'

On top of this, the duo - who are parents to Brooklyn, 19, Romeo, 15, Cruz, 13, and Harper, six - have reportedly been fighting nonstop ahead of Becks' move to Miami. For VB, it's a bitter pill to swallow. 'She has to accept they'll be living more separate lives for the next few years.'

Now, with tensions raging, the Beckhams could be headed for a split sooner than anyone could've expected. 'Honestly, David always promised he would wait until their kids all left home to divorce Posh, but I think he will quietly move out and just live apart from her for a while,' reveals *OK!*'s insider. 'All they ever do is fight.' ●

FASHION FAUX PAS!

The royal wedding was an opportunity for Posh to globally showcase her own designs. But when she showed up in a navy dress - virtually identical to the one she wore to Prince William's 2011 wedding to Kate - fans were shocked.

NO ONLINE TROLLS ARE GOING TO GET THIS GAL DOWN

From raunchy Insty posts to cosmetic tweaks, Kylie Jenner cops a lot of flak. But the new mum is the first to shrug off the haters and live her best life!

And that's exactly what the 20-year-old did when she was slammed online for arriving hours late to her Kylie Cosmetics pop-up store in San Francisco on May 17.

'OK, for the few complaints I see saying I showed up "4 hours late" to my pop up. I want to make it clear I don't get to choose what time I go. I would be there an hour before it opens if it were up to me,' the beauty mogul tweeted, blaming security for her tardy arrival. 'It's up to the police who shut down the street at a certain time and let me know when they believe I should come because I feel strongly about being there to see everyone's faces.'

The drama didn't put a dampener on Ky's weekend, though. Back in Malibu, the new mama-of-one took a little 'me time' on May 18 for a lazy lunch with friends at Nobu restaurant – sans daughter Stormi and baby daddy Travis Scott. ●

KIM GOES TOO FAR

reykjxvik Tbh y'all need to let this woman exist the same way y'all exist, she just has a lollipop in her mouth, y'all are beyond unbelievably insecure

abbysherwood If your body is telling you to eat, GO GET SOMETHING AND EAT IT! Please, eating disorders are not things to be taken lightly! You could seriously die! These products are dangerous and shouldn't even be on the market. Don't ignore what your body is telling you to do. Your body knows damn well what it needs, now just listen to it.

mollygaertner Not cool Kim... Seriously. So dangerous for those suffering from ED or young teenagers to see who could abuse these... Really disappointing. Would you let/want your children or nieces and nephews to use these?

Kim's latest weight-loss venture has landed her in hot water after she was slammed for promoting an appetite-suppressing lollipop on Instagram. 'They're literally unreal,' Kim, 37, claims in the now-deleted post. Made by the Flat Tummy Co, the treat contains Satiereal - a plant extract that the company claims is 'clinically proven' to reduce hunger. But experts including dietitian Chloe McLeod are crying foul, saying the pops have only helped people lose 1kg over an eight-week period. Worse still, Kim's been accused of promoting unhealthy health standards by critics, including *The Good Place* actress Jameela Jamil. 'No. F--- off. No,' she tweeted. 'You [are a] terrible and toxic influence on young girls.'

LAMAR'S DATING A KOKO LOOK-ALIKE!

Lamar Odom has a type! The former basketball player was spotted in LA on May 18, grabbing lunch with a buxom blonde - who looks suspiciously like his ex-wife Khloé Kardashian. Lamar, 38, admits it 'would be the best for both' that he and Khloé never rekindle their romance. But it seems he's gone and found himself the next best thing!

Is that Koko? Nope, just a mystery woman who bears a strong resemblance to the reality star!

Scott Disick, 34, usually prides himself on his groomed appearance, but the dad-of-three has been rocking a more dishevelled look lately. THE LOVED-UP COUPLE HAVE SOME VERY EXCITING NEWS!

She was shielding her tum under a baggy dress. But there was no hiding Eva Mendes' smile as she and her beau Ryan Gosling, 37, left an LA medical centre on May 17 with their giggling girls, Esmeralda, three, and Amada, two, in their arms. The reason for the cute tribe's grins? There's a third little Gosi on the way!

It's the couple's second trip to this doctor's office in as many months – but don't expect to hear

any official baby news from the actress, 44, who stayed mum on both her previous pregnancies until late in the game! 'Ryan and I decided early on to give [Esmeralda] as much privacy as we could,' Eva has explained of the decision. 'My pregnancy was the first opportunity to give her that.'

The pair were also spotted house-hunting for a bigger home in late April – and with Ryan's work schedule seemingly cleared for the foreseeable future, it's all systems go for a new addition! ●

HE'S GOT HER BACK!

While fans were shocked that Rob backed his former flame, the two have been friendly since early 2017. 'We're good friends now. I don't keep grudges with anybody,' Rita said at the time.

THEY'RE BACK IN EACH OTHER'S LIVES AND PICKING UP WHERE THEY LEFT OFF!

Time really does heal all wounds. Just ask Rob Kardashian, who's been quietly reconnecting with former flame Rita Ora!

It seemed the bad blood between these two would never ease up, after their very messy split in 2012.

(Rob accused Rita, 27, of cheating on him.)

But with LGBTQI advocates calling Rita's new single *Girls* 'tone deaf' and slamming the singer for exploiting bisexuality, Rob,

31, was quick to jump to her defence on social media, retweeting her apology with six praise hands emojis.

His unexpected show of support for his one-time bae, coupled with insider reports he's 'ready for love again,' instantly sparked rumours of a reunion – and fans are loving it. 'This is the best thing Rob has ever done, he is showing everyone that what happens in the past stays in the past and he keeps moving forward,' shared one, while another added, 'Yaaas get back together!'

The couple have been slowly getting their

feelings for one another back on track for a while now, with Rita offering 'nothing but positive energy' following the birth of Rob's daughter Dream (with ex, Blac Chyna).

And with Rob now making his health a top priority, he's put himself in the best position for another chance at romance! 'Rob is eating better and has a trainer – he wants to stay healthy,' an insider reveals. 'Keep up the good work, Rob!' one supportive fan posted online. 'You'll attract better women when you're back in fighting form!'

The star himself also hinted at a big slimdown recently, posting a photo of his heavier self, captioned, 'I don't look like this anymore #thetransformationiscoming #nosurgery #putinwork.'

Rob's mum Kris Jenner and sister Kim are on board for a Rob-Rita redo, too, after chatting to the singer at a Lorraine Schwartz jewellery launch on March 13. 'They were reunited for the first time at the party and got on well,' says the source. 'A lot of water has passed under the bridge and they reconnected.'

KRIS' NEW SEASON PLAN!

With Kris Jenner teasing a drama-filled 15th season of *Keeping Up with the Kardashians* – 'I wake up and I need a vodka,' she has said – a Rob and Rita reunion would be the perfect plot twist!

Diane and Norman haven't been seen together since February

Diane Kruger

PREGNANT & DUMPED?

They were looking for a home together in February, but with Diane Kruger dateless at both Cannes and the Met Gala, it seems things have cooled off between the actress and Norman Reedus, 49. 'One minute they were packing on the PDA and house hunting together, and now Diane is finding a place of her own,' tells an insider. 'She says she doesn't even know the next time they'll see each other, so why bother?' But amid talk Diane, 41, may be hiding a baby bump under the flowy gowns she's favoured of late, can the pair make it work? 'She can't be chasing him across the globe,' adds the source. 'If he isn't going to put any effort into spending time with her, then neither will she.'

For music royalty, it was the *other* big celebration of the weekend, with artists like Taylor Swift, Jennifer Lopez and Cardi B turning out for the 2018 Billboard Awards in Las Vegas on May 20. Ed Sheeran skipped Harry and Meghan's nuptials to collect six trophies, including Top Artist. Other winners included Kendrick Lamar and Bruno Mars, while Janet Jackson was honoured with the Icon Award.

There were also some sombre moments, with host Kelly Clarkson opening the show with a heartfelt plea for gun control. Chrissy Teigen lightened the mood by trolling her hubby John Legend for leaving her and four-day-old son Miles at home! 'Wow didn't u just have a baby John smh go take care of it!' she tweeted.

YOU'LL WANT TO RE-WATCH EVERY EPISODE AFTER READING ALL OF THESE FUN FACTS!

Can you believe it's been 20 years since Carrie Bradshaw, Samantha Jones, Miranda Hobbes and Charlotte York first strutted into our lives in their Manolo Blahniks?

The *Sex and the City* ladies tackled everything from monogamy to manhood size, and they did it all in sky-high heels, with a cocktail in hand. But despite having watched every episode roughly 112 times, it turns out that there is still a lot we don't know about the series that holds such a special place in our hearts. Cosmos at the ready!

1 BFF BLIND DATE

He plays Carrie's (Sarah Jessica Parker) gay BFF Stanford Blatch, but in real life, Willie Garson (right) is straight. He's also a long-time friend of SJP's - they became pals after they were set up on a blind date!

2 THE HEEL HAS IT

Kim Cattrall insisted that she wore heels at all times during filming, even if the cameras only captured her from the waist up. This was so she'd always feel like sassy Samantha. We get it, girl!

SET!

3 BLONDES HAVE MORE FUN

She's known for her trademark curly blonde locks, but did you know that Carrie Bradshaw was originally going to be a brunette? Producers made the call to go blonde just 24 hours before the pilot was filmed, because Candace Bushnell (the real-life Carrie) boasted lighter tresses!

4 MUM'S THE WORD!

How could we forget that moment in season six when Aidan (played by John Corbett) turns around with an adorable baby strapped to his chest? Well, it turns out that the reason baby Tate was so excited to see Carrie was because the tot was actually played by SJP's real-life son, James Wilkie, who's now 15.

5 GOING POSTAL

We were all shocked by some of the storylines during the show's six-year run, but did you know that they were all based on the writers' real-life sexploits?! Yep, that sad dumping via Post-it Note really happened!

6 NOT THEIR FIRST CHOICE

You might remember the totally awkward chat Carrie has with Matthew McConaughey when she goes to LA in the third season. Well, it turns out the actor wasn't the show's first choice for the cameo. Alec Baldwin, George Clooney and Warren Beatty were approached, but they all turned down the role.

7 SWEET SUCCESS

After Carrie and Miranda chowed down on cupcakes from Magnolia Bakery, the store had an influx of customers and had to hire a security guard to deal with the demand.

8 JUSTIN 2.0

Remember Justin Theroux's character (writer Vaughn Wysel) not being able to handle his, err, excitement with Carrie in season two? The star also appeared in the first season of the show as Stanford's pal Jared, one of *New York Magazine's* '30 coolest people under 30' – who flirts with Carrie. Talk about double dating!

9 A BUMP IN THE ROAD

Fans were shocked when career-driven Miranda (Cynthia Nixon) got pregnant in season four. The puzzling storyline makes more sense when you find out that the actress was actually expecting at the time.

Cynthia (aka Miranda) isn't a natural redhead. What?!

Kristin Davis (aka Charlotte) was the only lead actress who didn't win an individual award for her role. Somebody get that girl an Emmy!

No chance of seeing Samantha without her heels – ever!

10 A BIG INFLUENCE

It turns out the charismatic Mr Big is based on a real-life person! Ron Galotti, a Condé Nast publisher, dated *Sex and the City* author Candace Bushnell for a year, sparking the inspiration for the character.

11 WONDER WOMAN

Her job might be to pose love dilemmas in her witty and humorous way, but have you ever wondered how many times Carrie 'couldn't help but wonder'? Precisely 92 times, that's how many.

12 AND... CUT!

We've all seen the opening credits for the show a million times, but have you ever spotted the error? At first, the bus that splashes Carrie is full of passengers, but seconds later it's empty. Now we can't stop seeing it! ●

The actor had two guest roles on the show

IT'S JUSTIN THEROUX!

The series is credited for being responsible for a global boom in cupcake sales

NO MAKE-U

THESE STARS HAVE DITCHED THEIR BEAUTY RITUALS IN FAVOUR OF A NATURAL LOOK

OLIVIA WILDE, 34

'I don't spend much time on my make-up routine at all,' the busy mum-of-two candidly reveals. Who needs to when you have a megawatt smile?

KIM KARDASHIAN, 37

After years of slapping on heavy cosmetics, Kim's refined her routine to just five minutes. 'I always had so many products, and I really just wanted a little defined kit of all of my products that could be really easy,' she tells.

CHRISTINA MILIAN, 36

The fresh-faced singer/actress can show off her skin because she's careful about what she puts on it. 'I do my best to use all-natural products,' the star explains.

JENNIFER GARNER, 46

The actress' secret to her youthful glow? 'I wash my face every morning and night,' Jen says. 'Clean skin is the prettiest thing you can have!'

DARE TO BARE

JULIANNE HOUGH, 29

The *Footloose* star's beauty mantra is 'less is more'. After years of wearing heavy make-up as a dancer, these days Julianne says it's 'about letting my skin show - and breathe - so that's how I try to keep it on a daily basis'.

P? *No problem!*

BELLA HADID, 21

'I love my natural freckles and just keeping a natural look,' says Bella. 'I always use a curler. With or without mascara, you always gotta curl,' she shares of her top no-make-up trick.

KALEY CUOCO, 32

The *Big Bang Theory* star has to get dolled up 'just about every day' for work. So we can't blame her for favouring a more au naturel look when she's off-duty.

AMANDA SEYFRIED, 32

'I like being low-maintenance,' says the actress, who has perfected her morning beauty routine to just two minutes! 'And another five minutes if I am going out at night.' Wow!

ASHLEY GRAHAM, 30

No airbrushing needed! The model lists sleep, hydration and minimal sun exposure among her clear-skin secrets. Her number one tip for maintaining an all-over glow is to 'moisturise your entire body after every shower or bath'.

KARLIE KLOSS, 25

'I really keep it simple,' Karlie says of her super subtle make-up look. 'I feel most confident when I wear more minimal make-up and that beauty and confidence comes from the inside.'

GIGI HADID, 23

'For most events, if I'm going as a high-fashion model, I usually just like doing a clean face,' Gigi reveals. But she's partial to a spot of subtle contouring. 'It's kind of like the no-make-up look,' she explains.

**'Everyone

JUSTIN, 27

'I take a massive interest in fashion. I also have a massive obsessive compulsive disorder with my hair,' New York-based model Justin tells OK!. 'It has to be neat, perfect to my liking, otherwise I go crazy. I never wake up in the morning and go, "Oh I'm going to throw that on." I want to look good to impress people.'

This often leads to people questioning his sexuality. 'It's not the most masculine thing. From a male perspective, some people don't like it - but that's how it is.'

'I'm so excited,' says host Sophie Monk. 'They're all so hot!'

'Bieber loves me!'

NATASHA, 24

The beauty business owner won't spill the deets, but she admits she's dated multimillionaires and partied with Justin Bieber. 'Has someone famous hit on me? Yes, but I can't say anything,' she says. 'I've had a few famous guys approach me. They come up to me when I'm out, say hi and try and chat me up. Famous guys are confident and have a good, natural approach, which is always better than anything cheesy.'

'I haven't told anyone about the show'

MILLIE, 24

Millie's keeping her *Love Island* appearance quiet. 'I haven't told my mum or dad. I'll tell them the day I go. If they freak out, I won't be there to see it! And all my friends have been saying, "I can't wait for *Love Island!*" They are going to get the shock of their lives.'

'I auditioned for *Geordie Shore*'

EDEN, 25

A personal trainer and prison guard, Eden has had his eye on a TV gig for a while. 'I applied for the Aussie version of *Geordie Shore* on the Gold Coast,' he reveals. 'But when it didn't work out, the producers recommended me to *Love Island* so I applied. It was meant to be.'

I quit rugby for *Love Island*

CHARLIE, 22

'I've actually taken a step down on what I want to do. I am not a stereotypical rugby player,' Charlie explains. 'I've done modelling, personal training, studied acting and music. [The show] opened up as I was preparing to leave. It's a great way to see if I want to work in TV in the future.'

I haven't had sex in ages'

CASSIDY, 23

It's hard to believe the model would ever have trouble getting a guy. 'My eight-month dry spell is ongoing,' Cassidy admits. 'Love Island will hopefully solve that! I've been closing myself off to guys, friends, going out. Guys pick up on that. I don't drink very often, so that impacts going out and being social.'

'I want a TV career'

TAYLA, 21

With a degree in broadcasting and journalism, Tayla, a former pageant girl, is set on more TV work. 'I was a WA finalist for Miss Universe in 2015. I had to be chucked up on a catwalk and strut around with a bikini on, so you had to build self-confidence. From there I got into modelling,' she tells. 'Now, I'm actually a radio presenter. You can let your personality shine through. So anything within the broadcasting industry, I'd love to do.'

'I'll have sex on television'

GRANT, 22

Still living at home, Grant says his parents were furious when they found out he was headed to Spain. 'My dad is not impressed. He's very Australian and conservative. He doesn't like it because there is a lot of shagging!' Grant tells. So he'll do the deed on TV? 'Shit yeah, I would for sure! Especially if the connection is there. Like, if I have a genuine connection, it's gonna go further.'

'I want Sophie Monk'

JOSH, 25

The rugby development officer and model has the hots for the show's host! 'It's a shame Sophie Monk's not up for grabs. She seems like a really genuine and funny person,' Josh reveals to OK!. 'My ideal type of woman is very good-looking and beautiful. But I have never been in love before.'

'I'll get with a girl!'

ERIN, 22

Nurse Erin is heading to Spain for love and is up for a fling with a guy - or a girl. 'I make out with girls all the time,' she reveals. 'Sometimes, boys - not all boys, but some - just aren't very good kissers and I feel like women know how to kiss women. We usually have to teach guys how to kiss.' But while she'll pash a girl on *Love Island*, Erin says it won't lead to anything serious. 'I wouldn't be able to date a girl long term - I enjoy the penis too much!'

MAKE-UP

Meghan didn't stray from her signature look - natural skin, a smoky eye and pink lips. Celebrity make-up artist Daniel Martin gave her a glowy base and soft smouldering eyes. To get the look, use a black pencil along your lashline before buffing with a brush, then top with high-volume mascara (Daniel works with Dior, so it's likely he used this one). Finish with Meghan's go-to lippick - she even wore it during her engagement photo shoot.

Celebrity hairstylist Serge Normant was behind Meghan's casual chignon, inspired by icons of the past. 'I love Audrey Hepburn. I wanted something very loose and easy, which is why we chose a very loose bun - we call it a messy bun. Messy in a controlled way,' he says. To get the look, create a centre part and sweep locks back into a low pony before twisting into a neat bun. Pull out a few pieces of hair and voila!

TIP

Go from wedding to reception with a tighter bun and face-framing strands.

ELYSE KNOWLES

HOW I KEEP FIT!

The model shares
her top workout
and diet tips

After scoring the win on *The Block* last year, model Elyse Knowles is already taking things up a notch in 2018. On the back of their mega TV win, the stunner and her beau (and *The Block* partner) Josh Barker have opened a design and construction company, and there's plenty more in store this year. 'We're going to America at the end of May for a few key meetings, which will be fun,' the 25-year-old tells *OK!* 'A week in LA, a week in New York, and a few shoots over there.'

Here, the multi-talented miss – who's also an ambassador for Vital All-In-One health supplement – chats to *OK!* about how she stays fit with so much on her plate!

Where do you find the time to exercise?!

My routine is basically have a good sleep, get up and go to the gym straight away, because then I can't think about it, and can't say, 'No I'm tired!' I just get up, get in the car and go. I do my gym class and then I come home and

now **EVERYONE** can **START**

have my breakfast, and I'll really look forward to that breakfast – that gets me through.

What does your workout routine look like?

I'm absolutely loving weight training at the moment. I do two personal training sessions a week working on my lower body, and then I do a weight-training class with about six other girls, which is mostly upper body. I do HIIT classes as well. I also walk the dog every day on the beach. But if I need a day off the gym, if I'm tired or not feeling it, I listen to my body and just walk the dog. And she's happy about that!

Do you and Josh ever train together?

No, we work out separately. It's nice because we all need our own time, even at the gym. I can go there and have time to myself, have time to think, and just focus on myself. I'm also really unreliable with my job, so I don't want anyone relying on me in case I'm not there! I hate letting other people down.

No way this gal's going hungry! 'You need food for energy and if I don't eat I just get tired,' she explains. Amen!

The model likes to exercise early. 'Pretty much that is at the top of my list,' says Elyse, who can then get on with the rest of her day

SMOOTHIE RECIPE

When she's pressed for time, Elyse loves a brekkie smoothie. Her fave blend? 'Almond milk, ice, banana, Vital All-In-One, a bit of cacao to make it chocolatey, and a bit of almond butter or peanut butter.' Perfect for when you need to 'down it quick and run out the door!'

HER DAY ON A PLATE

SO WHAT DOES IT TAKE TO FUEL THE BUSY BABE'S BOD?

BREAKFAST

A smoothie bowl. 'I make it really thick and I put nuts and seeds on top, coconut and cinnamon.'

SNACK

When she needs a bite on the go, Elyse is always well prepared. 'My bag's always got almonds,' she tells.

LUNCH

'For lunch, I'll do a salad with lettuce, spinach and salmon,' Elyse reveals of her midday meal of choice.

DINNER

The model loves a mix of vegetables and lean protein. 'Dinner will be either chicken or salmon with some veggies.'

WHAT'S HOT THIS WEEK
IN ENTERTAINMENT

TV

THE OSCAR WINNER TALKS PLAYING AN ICON

The *Assassination of Gianni Versace: American Crime Story* is the glitzy and gritty retelling of the 1997 murder of the fashion designer, and it finally airs this week. The show is based on the book *Vulgar Favors* by Maureen Orth and created by *Glee*'s Ryan Murphy, who brought us 2016's award-winning *The People v. O. J. Simpson*.

The star-studded cast sees Penélope Cruz, 44, play Donatella, Gianni's beloved sister, with Ricky Martin as Versace's lover Antonio D'Amico and Edgar Ramirez portraying the slain designer. 'I really hope that when

Donatella sees the show, she's going to be happy,' says Penélope. 'I'm sure there are going to be scenes that are hard for her to watch – but I did it with all my love.'

How did you feel when you were asked to play Donatella Versace?

I was kind of shocked that I was who was called for Donatella. Before agreeing, first I had to speak to [the real] Donatella. I said, 'This is keeping me up at night because it's such a big responsibility to play someone who's not only alive, but someone I respect so much.'

How did she react?

We spoke for an hour. She said 'If someone's going to do it, I'm happy it's you.' Her words gave me the freedom to do this. I think she could hear in my voice that everything was going to be done from a place of respect.

The real Donatella is a very distinct character. How did you create her?

Her voice is much lower than mine and I worked for months and months

with a voice coach. She also has an Italian accent with an international flavour. I wasn't interested in doing a caricature of her, an imitation. I want you to feel her there. Everything about Donatella is rock and roll – even when she's just sitting in a chair, she does it with an attitude. Edgar Ramirez [who plays Gianni] and I listened to a lot of Prince and a lot of opera. We thought that both were very Versace.

And this is your first TV series...

I wasn't used to the rhythm of television and then I was learning four monologues two days before the shoot. And I was doing English with an Italian accent. I was like, 'This is impossible!' But then you just do it.

How would you describe the show?

We're telling a story that makes you think a lot about the craziness in the world today. It makes you question the fame, and how some young people grow up idealising something that is poison.

WHAT THE REAL DONATELLA SAYS

The 63-year old gave Penélope the nod, but says she won't watch. 'I haven't seen it, nor will I see it, because it still hurts,' she says.

A ripped Ricky packs a punch as Gianni's long-term lover Antonio

RICKY
MARTIN

It's very emotional'

FROM THE VOICE COACH
TO VERSACE STAR

What can't Ricky Martin do? From his incredible singing career to his three seasons on *The Voice Australia*, he's now convincingly portraying Gianni's lover Antonio. 'I wanted to do justice to this story,' says Ricky, 46. 'I could not jump in front of the camera without having an interaction with [the real] Antonio. I told him, "Antonio, I just want to do justice to your love for Gianni."' Bringing the character to life was emotional for Ricky. 'After [work] I brought all my emotions back home with me,' reveals the father of two.

Ricky says working with Penélope was 'an honour', too. 'She is amazing. we've known each other a long time,' he tells. And while the pair are good friends IRL, their characters are enemies, united only in their love for Gianni. 'I'd filmed an intense interrogation scene and wanted her to hug me, but she couldn't. "I'm not allowed, it's better for the acting" she told me. It was so draining.' ➔

THE GUIDE

Darren Criss

'I DIDN'T HAVE TO AUDITION'

THE GLEE STAR ON HIS KILLER ROLE

He won our hearts as *Glee*'s Blaine Anderson, and now Darren Criss has returned to the small screen as Gianni's killer Andrew Cunanan – and officially has us scared out of our skin. 'He is terrifying,' the 31-year-old, who recently got engaged to his producer partner Mia Swier, tells *OK!*. 'But he's a complex character. It's a killer role – in every sense.'

How did you land the job?

Well, it kind of came to me on a plate. [Director and screenwriter] Ryan Murphy and I talked about doing this four years ago [the pair first worked together on *Glee*] and because I share a close likeness to Andrew Cunanan – plus we're both half Filipino and we were both around the same age – we'd talked about me playing the part. I said, 'When you're ready to go, I'm in.' I'm forever indebted to Ryan for having faith in me to do this role.

Was it intimidating to take on a character who's a real person?

Yes, kind of. I was really keen not to do

an Andrew Cunanan imitation act, even though nobody really knows much about him. The other actors like Penélope Cruz and Edgar [Ramirez, who plays Gianni] had to tread that line more carefully than I did because their characters are so well known.

What was it like working with Ricky?

He's awesome. He's such a great actor, too, and I think that's because as a performer, he knows how to connect. He has a fast lane to the human heart.

Did you meet him on the set of *Glee*?

No, but I knew he was a great actor and he did not surprise me on *Versace* either – he did such a wonderful job.

And what about Penélope?

We never got to do any scenes together, but it was incredible to be around her and watch her work. It was a real compliment she chose a Ryan Murphy show to be her first TV work – and I'm pinching myself that I got to share it with her. To be around people you truly admire and find they live beyond your expectations, it's the dream.

Gianni and Donatella were siblings – and best friends

'From that place of devastation, she kept the company, going in his honour,' Penélope says of Donatella

MURDER IN MIAMI

BEHIND THE SCENES OF THE MUST-SEE SHOW

The show was filmed in the actual locations in which the events took place

A number of IRL locations feature, including Gianni's Casa Casuarina mansion on Miami's South Beach, where he was shot (right) on July 15, 1997. The property is now a hotel, although it was rented out to the production. 'Being at that house was almost like being in church because Versace was so present,' says Darren. 'It was surreal.' Other locations include Miami's News Cafe and the Normandy Plaza hotel, where Andrew lived before the killing. He committed suicide on a houseboat a week after the designer's death.

THE REAL STORY

DURING THE '90s, GIANNI VERSACE WAS THE CELEBS' GO-TO FOR RED CARPET COUTURE

By the time he was 50, Italian fashion designer Gianni Versace had it all. A multi-million-dollar clothing and accessories empire that bore his name and countless stars, including 'Gianni's girls' Naomi Campbell and Kate Moss (left), along with Jennifer Lopez and Elizabeth Hurley among his clientele. Liz (right) became an overnight

superstar when she wore that safety pin dress to the 1994 London premiere of *Four Weddings and a Funeral*. Yet all that was tragically lost when Gianni and four other victims were killed by Andrew Cunanan. It's believed Andrew briefly met the designer several years earlier. After his death, Gianni's younger sister Donatella took over as creative director of the company, which continues to flourish to this day.

'He celebrates the female form,' said Versace fan Elizabeth Hurley

Princess Diana comforted Elton John at Gianni's funeral just weeks before she died

Gianni was taken to a Miami hospital but died soon after

CANCER

JUN 22 - JUL 23

This week is a great time for those of you with a significant other to take things to the next level in your relationship. Your happiness is key, so go for what you want. Just keep an eye out for people who may try to interfere in your life. Remember, if they don't know what's going on, they can't stick their noses where they don't belong!

LEO

JUL 24 - AUG 23

Be brave this week - you need to stand up for yourself and say no if you're being asked to do something you're not keen on. Take a step back to clear your mind and then set some parameters for what does and doesn't work for you. Dealing with someone in a position of authority will have a good outcome for your future career prospects.

VIRGO

AUG 24 - SEP 23

Be prepared, as the heavens will push you into action this week. Many of you have had a difficult journey to this point, although you'll start seeing why it all played out the way it did. You'll also be presented with the opportunity to form new relationships with those who have the power to help you achieve your goals, so don't hold back!

LIBRA

SEP 24 - OCT 23

Twiddling your thumbs and waiting for things to happen is pointless. You need to face reality and see things for what they really are. Standing your ground over an important issue will prove challenging yet worthwhile - you have to fight for what you want. Remain calm and approach everything with a positive attitude, and it'll all work out.

SCORPIO

OCT 24 - NOV 22

If your life isn't headed in the direction you expected, don't let it get you down - you have the power to change it. Do what you must to get things back on track. If there's an emotional dilemma plaguing you, it's time to deal with it once and for all. Focus on accomplishing your goals and leave any negativity and self-doubt behind you.

SAGITTARIUS

NOV 23 - DEC 21

Now is the time to look within yourself and access your true power. You've had a nagging feeling that things couldn't continue the way they have been, and you're right. You have to take action, but think carefully before you do anything drastic. If you want to create a positive outcome, trusting your instincts is the best way to go.

CAPRICORN

DEC 22 - JAN 20

Get ready to do a big about-face this week. To say you'll be stunned by what's about to happen is an understatement. Some of you will be packing a bag and hopping on a plane, while others will receive special invitations from out of the blue. Throw caution to the wind and just go with flow. At the end of the day, good things will be headed your way.

AQUARIUS

JAN 21 - FEB 19

You'll have the support of the planets this week, which will spread positive energy into all areas of your life. That means now is a great time to move forward with any plans you've had brewing. The best way to do this is with a clean slate, so make sure you deal with anything that may get in the way of your success.

PISCES

FEB 20 - MAR 20

There are big changes just around the corner - you can either embrace them or try to fight what's coming. Before you make a move, think about what you've done in the past and where it got you. Concentrate on what you want to do and forget about trying to make others see things from your point of view - let them figure out what works for them.

ARIES

MAR 21 - APR 20

Whatever you want to achieve, now is the time to make it happen, because there's triumph on the horizon. It's yours for the taking, so what are you waiting for? A positive attitude is all it takes to see things from another angle. Often it's not what we experience that's the problem - it's how it affects us emotionally.

TAURUS

APR 21 - MAY 21

With the heavenly energy that's been in your sign lately, you should be sitting in a great position, both emotionally and in terms of where your life is at. The planets have been working to propel you forward, so it's time to take the next step now that things have settled. Be decisive and make sure you resolve any internal dilemmas as soon as possible.

It's the role that's won Milo Ventimiglia a legion of fans, but Oliver Hudson very nearly played Jack Pearson in *This Is Us*. 'My agent said, "We got a test,"' he recalls. 'I said, "Ooh, I'm supposed to be going on a fishing trip."' Tough decision, but Oliver went for the fun option. The best part? 'I caught a [123kg] tuna, my biggest fish I've ever caught,' the actor tells.

TBH, that really is one hell of a fish!

She's just a tot, but James can hold a tune already!

OH, BROTHER!

Prince William was 'thrilled and delighted' to be by Harry's side as his best man. But as the duo entered the chapel, Wills jokingly told his sibling, 'My trousers are too tight!'

More than three billion people were estimated to have tuned in to see Prince Harry and Meghan Markle say 'I do' in a modern ceremony on

May 19. But the newly appointed Duke and Duchess of Sussex only had eyes for each other as Meghan walked down the aisle at St George's Chapel in Windsor. With the world watching, the couple still managed to steal a few private moments. 'You look amazing,' 33-year-old Harry whispered in awe at his bride when she reached the altar. 'I missed you.'

Meghan arrived at the chapel alongside her mother, Doria Ragland, wearing a stunning off-the-shoulder Givenchy Haute Couture gown designed by Clare Waight Keller - topped off with the dazzling 1932

Royal Wedding Special

Meghan's mother Doria accompanied her on the drive to the chapel

PART OF THE FAM

Meghan's mum Doria was welcomed into the royal family with open arms, as Prince Charles and wife Camilla accompanied the yoga instructor from the chapel.

'Thank you, pa,' Harry mouthed to his father after Prince Charles stepped in to walk Meghan down the aisle at the last minute

Sharing a laugh, the happy couple couldn't hide their butterflies as they arrived at the altar

Harry was determined not to mess up Meghan's hair as he removed her veil!

'Do we kiss?' Meghan said to her new hubby as they exited the chapel, to which Harry replied, 'Yeah!'

Harry was the first royal in 125 years to rock a beard at his nuptials, as it's customary to be clean-shaven when dressed in army uniform

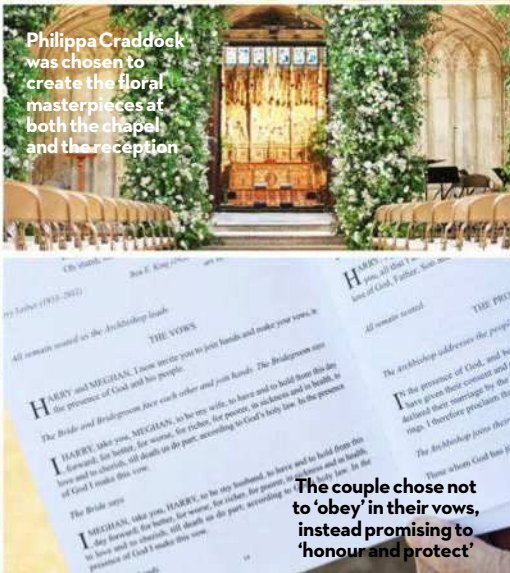

LONE STAR
With Meghan's mum Doria understandably a little nervous before the ceremony, Harry caught her eye to give her a comforting nod and smile.

The couple's lemon and elderflower wedding cake was created by pastry chef Claire Ptak

Meghan's wedding band was moulded from Welsh gold gifted to the couple by the Queen

Phillippa Craddock was chosen to create the floral masterpieces at both the chapel and the reception

The couple chose not to 'obey' in their vows, instead promising to 'honour and protect'

Queen Mary Diamond Bandeau tiara lent to her by The Queen. The 36-year-old also wore an elegant five-metre-long veil, with hand-embroidered flowers representing all 53 countries of the Commonwealth – requested by Meghan herself. The dress and veil are said to be worth a combined total of \$360,000!

Shaking up the royal rulebook, Harry and Meghan combined traditional elements with a number of modern touches on their big day. The ceremony, heralded by royal experts as 'ground-breaking', was complete with a gospel choir and a very eccentric American bishop (see right). And with Meghan's father unable to make the wedding for health reasons, she defied tradition by walking herself partway down the aisle before Prince Charles dutifully stepped in at the last minute to accompany her the rest of the way.

Harry and Meghan also made sure to pay tribute to his late mother on the day, choosing *Guide Me, O Thou Great Redeemer* – Princess Diana's favourite hymn. Harry, understandably, got quite emotional as the choir sang the tune, which was also played at her funeral in 1997. And after a touching reading by Diana's sister Lady Jane Fellowes, the couple had onlookers in tears as they exchanged vows and were finally pronounced husband and wife.

The bishop's animated speech lit up social media, with fans loving the crowd's reaction to his sermon - including David Beckham and Rick Hoffman

SCENE-STEALING BISHOP!

Bishop Michael Curry took social media by storm following his long and passionate sermon. During his almost 14-minute speech, many guests could be seen smirking and stifling giggles - including several members of the royal family! But he wasn't the only one to raise eyebrows, with the Dean of Windsor David Conner also causing a stir with his opening speech. 'The gift of marriage brings husband and wife together in the delight and tenderness of sexual union,' he said. Awks!

While Wills attempted to suppress a giggle, the Queen looked less than impressed

Princess Beatrice and Eugenie, here with sister Eugenie, looked bemused by Bishop Curry's address

Wills and Kate shared a laugh at the bishop's words

Duchesses Camilla and Kate couldn't hide their amusement

JUST LIKE MARY

Meghan's Givenchy gown drew comparisons to Princess Mary's, with the Aussie-born royal also wearing a boatneck-style dress when she married Denmark's Prince Frederik.

Born to be a royal

THE NEW DUCHESS MAKES HER MARK ON THE MONARCHY

Gliding down the steps of St George's Chapel hand in hand with her new husband, the Duchess of Sussex looked every bit a princess in her five-metre-long veil. And while Meghan's father, Thomas Markle, was

forced to pull out of attending the ceremony, the 73-year-old sent his love to the happy couple from afar. 'The service was beautiful and it's history. I will always regret not being able to be there and not being able to hold my daughter's hand. My baby girl is a duchess and I love her so much,' he

shared, revealing he was 'honoured and grateful' that Prince Charles stepped in to walk his daughter down the aisle in his absence. 'When you watch your child get married, every thought goes through your mind, every memory from the first day she was born, the first time I held her.'

'They're a great match,' gushes Sarah, here with hubby Santtu Seppälä

'Yah. Halitosis. Disgusting,' said Rick Hoffman, blaming his meme-worthy cringe during the ceremony on a nearby guest's bad breath!

'I think Harry's pretty lucky,' says Meghan's gal pal and *Suits* co-star Allison Janney (left), who arrived with Priyanka Chopra

'WE ALL KNEW!'

Meghan's *Suits* family was among the first to know – and keep! – her royal secret. 'We knew she was excited and there was reason to keep it close to the vest,' says Gina (right).

Suited up!

IT WAS THE SUITS REUNION WE'D ALL BEEN WAITING FOR!

Among the famous faces in the pews, Meghan's on-set family of seven years – the cast of TV series *Suits* – was front and centre. 'We called ourselves the sister wives,' Sarah Rafferty says of her close bond with Meghan and Gina Torres. 'We were with each other for longer than we went to college or high school, so we became family. We're still family.'

With an invitation to the afternoon reception only, they missed out on the private evening party at Frogmore House. Instead, they let loose with a spot of karaoke! Make-up artist Rachel Renna shared wild videos of their fun evening, confirming, 'They're loving this so much!'

Gabriel Macht and wife Jacinda Barrett were honoured to be dancing to Elton John and laughing at Prince Charles' 'fantastic speech'

BLESS YOU!
She's just a tot, but Charlotte already has impeccable manners, covering her face to stifle a sneeze!

Talk about sass! Princess Charlotte very nearly stole her Auntie Meghan's thunder by turning up at Windsor Castle in a mischievous mood! The three-year-old smiled, waved - and poked out her tongue, unphased by the huge crowd. 'Charlotte was amazing!' said guest Claudia Bradby.

The cute tot was one of six bridesmaids, who were accompanied inside St George's Chapel by four pageboys, including Prince George. 'Charlotte was totally taking charge of them all,' another guest revealed. 'But very sweetly, telling the others they couldn't go down the aisle yet. Meghan looked over at them and smiled. It all felt very normal and natural.'

No doubt the adorable kids in the bridal party have made the newlyweds broody. 'Prince Harry, particularly, is very keen to start a family, pretty soon after the wedding,' tells royal expert Katie Nicholl. 'Early on, he wanted Meghan to know that marrying into the royal family doesn't mean you can't have a regular family with cute children.' Just like Charlotte!

CHEERS TO THAT!

Lapping up every moment of their big day, it seemed Harry was ready to get the party started when he said, 'I'm ready for a drink now!'

The newlyweds couldn't contain their joy, smiling throughout the carriage journey

After the emotional-hour long ceremony, the new husband and wife hit the streets of Windsor in an open-top Ascot Landau carriage. The vehicle, built in 1883, was pulled by a team of four Windsor Grey horses – including father-and-son equine duo Storm and Tyrone – while an estimated 120,000 well-wishers lined the sunlit streets of the Berkshire town to wave hello to newlyweds. 'Wow,' gasped an awestruck Meghan as the crowd chanted her name.

It was a part of their very special day the couple had been looking forward to. 'It will be their chance to express their gratitude for the goodwill and warm wishes they have received,' the palace revealed in a statement. The 25-minute, 10-kilometre tour travelled through High Street before returning to Windsor Castle via the Long Walk.

DECLARING THEIR LOVE

The Duke and Duchess of Sussex had already shared a tender kiss on the steps outside St George's Chapel but they delighted the Union Jack-waving crowd by sharing another sweet smooch inside the carriage. A royal romance indeed!

The sun shone on the royals, with the crowds at Windsor 'sweltering' in the 22°C heat! Despite the happy atmosphere, security was tight, with 5000 Thames Valley Police officers on patrol – in addition to plain-clothes officers in the crowds – but thankfully, they were left with little to do as the onlookers were good-natured and well-behaved. In fact, the only public mishap came from Meghan herself when she apparently dropped an F-bomb in shock at the number of people en route! Still, who could blame her? It really was the most extraordinary day.

SOMETHING BLUE

Ever the gentleman, Harry chivalrously opened the door on their electric blue ride for his new wife before hopping in.

THE NEWLYWEDS START MARRIED LIFE TOGETHER IN STYLE

A couple very clearly in love, Harry and Meghan could barely take their eyes off one other as they left Windsor Castle for their evening reception at Frogmore House.

Having changed out of her Givenchy gown, Meghan looked ready to party in a lily-white, silk crepe halter-neck gown by British designer Stella McCartney. Harry also looked suitably suave, retiring his army uniform for a dashing tuxedo for the black-tie dinner.

During the lunchtime reception hosted by the Queen, the 600 guests were treated to a performance by Sir Elton John, requested by Harry personally, due to Elton's 'close connection' with the prince's late mum Princess Diana. And before hosting his own reception for the couple later that evening, Prince Charles had guests in tears as he described how emotional he felt watching his youngest son marrying the love of his life. 'My darling old Harry, I'm so happy for you,' he said.

PRINCESS POWER

Royal brides have opted for a second look since Princess Diana started the trend at her wedding to Prince Charles in 1981.

A DRESS FIT FOR A DUCHESS

After their weddings, both Kate and Meghan changed into second gowns for their evening receptions. Meghan went for total Hollywood glam in her bespoke Stella McCartney gown, with its daring open back, and a chic updo. Meanwhile, Kate favoured a more demure look, wearing Sarah Burton for Alexander McQueen. Kate's full skirt, diamante waistband and angora bolero teamed with loose curls were perfection.

DIANA'S LEGACY

Harry paid tribute to his late mother on his special day by gifting Meghan Diana's emerald-cut aquamarine ring. The brunette beauty wore the stunning jewel as her 'something blue' for the Frogmore House reception. 'I think it was symbolic,' a friend shares.

Harry also didn't leave a dry eye in the house when he praised his new wife during his 'off-the-cuff' speech. 'I can't wait to spend the rest of my life with you,' he gushed.

The celebrations continued well into the night at the Frogmore House bash, with compère James Corden getting the party started by instigating a dance-off between Charles, William and Harry. 'Everyone was laughing because it's something no-one expected,' reveals an insider.

Tucking into 'dirty burgers' and fairy floss, the 200 guests were also treated to personalised cocktails featuring ginger ale and rum named 'When Harry Met Meghan'. But while some kept it classy, others got in on the party games. 'Serena Williams played beer pong like it was tennis,' adds the insider.

In another unconventional touch, Meghan gave a speech at the evening reception, taking the opportunity to thank her new family for welcoming her into the fold. The bride and groom then danced the night away to Whitney Houston's *I Wanna Dance With Somebody* - with actor Idris Elba taking a turn on the decks as the party's unofficial DJ - before a fireworks display ensured the night went off with a bang. ●

One last nod to onlookers and then they were off!

DATE PLATES

The car bore another very sweet feature - a number plate that spelt out the date of the wedding. Nice touch, Harry!

NEWLYWEDS RARING TO GO!

Harry ensured he and his new bride arrived at their Frogmore House reception in style - by travelling in an eco-friendly Jaguar roadster dubbed 'the most beautiful electric car in the world'. The revamped left-hand drive 1968 E Type Zero is one of a kind and worth a cool \$625,000.
