NO KIDDING
Kevin says his kids live in luxury when they're with Britney and deserve the same creature comforts at his house, too.

Britney & K-Fed's

BIG BUCKS\$ BATTLE!

AS BRITNEY SPEARS RAKES IT IN, HER EX-HUSBAND KEVIN FEDERLINE WANTS TRIPLE THE CHILD SUPPORT!

You wanna live fancy? You better work, b***h! That's the message **Britney Spears** sent her deadbeat ex-husband **Kevin Federline**, who's demanding that the court order the singer to reveal her true income in his quest to have his child support checks bumped from \$20,000 a month to a staggering \$60,000!

Kevin claims he and Brit's boys — Sean, 12, and Jayden, 11 — live in squalor with him, his four other children, and his wife, Victoria Prince, in their tiny rental house in Tarzana, Calif.

"Sean and Jayden have to share a room at my house," Kevin complained in the documents. "There is no room for them to invite friends over or to have sleepovers. I have not been able to take the children on vacation in years."

But the kids live like kings when they're with their 36-year-old pop-star mom, Kevin claimed.

"Sean and Jayden enjoy a 13,000-square-foot house on 21 acres of land," he said. "There is a library, a media room, a game room, private chefs, tutors, housekeepers [and] toys."

By contrast, *Star's* source reports that Kevin's grubby abode barely has any furniture.

"I simply cannot even come close to providing parity for our children in my

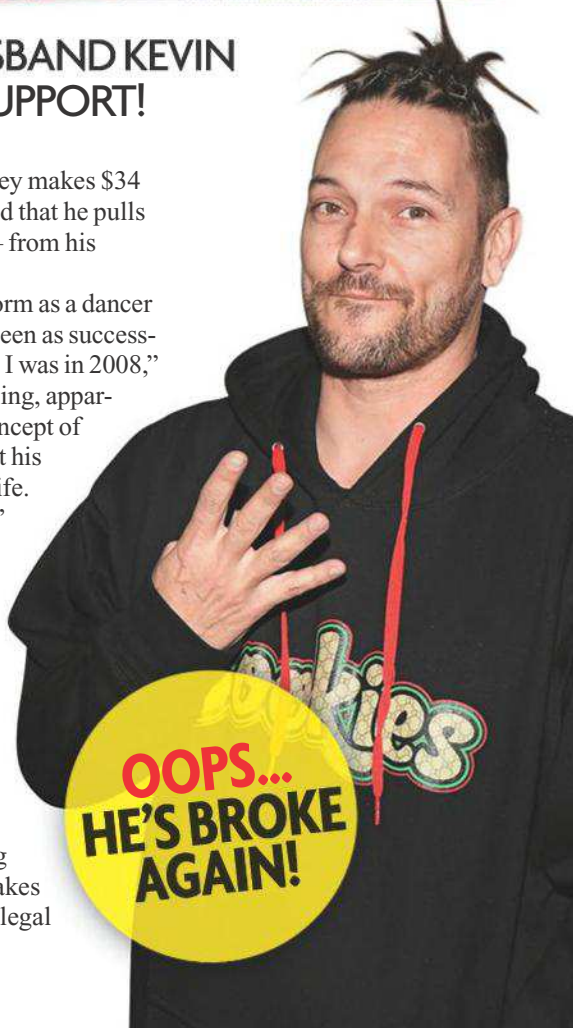

modest home," he said.

While he claimed that Britney makes \$34 million a year, Kevin confessed that he pulls in \$3,000 a month — if that — from his sparse DJ gigs.

"I am no longer able to perform as a dancer due to my age, and I have not been as successful in putting out new music as I was in 2008," the 40-year-old wrote in the filing, apparently as unfamiliar with the concept of finding a regular job to support his family as is his unemployed wife. "I am simply less of a 'name.'"

Britney, meanwhile, has raked in the cash thanks to her Las Vegas residency — and Kevin feels entitled to a piece of the pie.

"Kevin is always wanting a quick buck from Britney and her family, and they've had enough," explains a source, adding that a hearing is set for Aug. 1. "She's willing to go to court if that's what it takes to get him to back off, and her legal team is no joke!" ★

KENDALL'S NEW BOYFRIEND'S DRUG BUST DRAMA!

KENDALL JENNER IS
COZYING UP TO JORDAN
BARRETT... BUT WILL A SHADY
SECRET SCARE HER AWAY?

HAS Blake Griffin's shot clock with Kendall Jenner run out? With seemingly no thought to her basketballer beau, the brunette beauty, 22, was spotted cozying up to 21-year-old Australian model Jordan Barrett on the beach while in France for the Cannes Film Festival.

"Kendall and Jordan totally get each other, having both left home at an early age to live extravagant, jet-set lifestyles," says an insider. "They spent the last week in Cannes partying and yachting, and found they have a lot in common." That's one way to put it.

Jordan has been involved with

several of Kendall's pals, including **Bella Hadid, Hailey Baldwin and Paris Hilton!** But that's not the only dark secret lurking behind Jordan's pretty face. Sources reveal to *Star* that Jordan's dad, Adrian Barrett, and his stepmom, Allison Cale, were arrested in 2012 — along with nearly 40 other people — and sentenced to eight years in prison for their involvement in a drug syndicate that trafficked more than \$9 million of marijuana!

The pair was released after three years and are currently out on parole, but Jordan is wary of letting his new crush in on the drama.

"Kendall has heard rumors about Jordan's family, but I'm not sure she knows all the details," says the source, but notes that despite her privileged upbringing, the reality star is surprisingly empathetic.

"It was a terrible thing for Jordan to go through at 16, and Kendall can totally relate — she also feels abandoned by her father," says the source. "When **Bruce Jenner** transitioned into **Caitlyn**, it was as if he died. Jordan feels the same way about his dad getting locked up. Maybe sharing their experiences will bring them even closer together!" ★

TOM SELLECK MIFFED OVER MAGNUM!

Tom Selleck isn't exactly hanging loose about news that there's a *Magnum, P.I.* reboot happening without him.

"Tom is really depressed about it," claims a pal, revealing that the 73-year-old *Blue Bloods* star hoped to reprise his iconic role as a dilettante detective living the good life in Hawaii — and felt "betrayed" when CBS gave the role to 40-year-old (non-mustachioed!) *Suicide Squad* star Jay Hernandez instead.

And a scrawny new leading man isn't the only change: Higgins is now played by a yoga-obsessed woman, and unlike Tom's chilled-out character, 2018 *Magnum* is quick to grab the Glock.

"People are shocked at how violent this new version is — it's the antithesis of the original's laid-back island vibe," sighs the source. "To Tom, the show was impossible to remake."

Time to lei down and accept it, Selleck! ★

CAITLYN JENNER'S NOT-SO- FRIENDLY SKIES

Travelers who've encountered transgender reality star Caitlyn Jenner say she brings some serious cabin pressure to a flight!

"You do not want Caitlyn on your plane," groans a spy. "She's very particular and fussy — she brings her own pillow and blanket, complains about the food and even the alcohol! And if she doesn't like her seat... watch out."

Despite making a living off public-speaking engagements, she isn't about to mingle with her fans for free.

"Caitlyn hates it when people try to chat with her," adds the insider, noting that the 68-year-old is studying to get her commercial pilot's license — mostly to get away from her fellow passengers! "She'll be much happier when she's in the cockpit and can't be bothered by anyone." ★

So much for taking the high road. **Meghan Markle's** ex husband, **Trevor Engelson**, is still so bitter about his failed marriage to the newly minted Duchess of Sussex that he sent her a "joking" telegram on her wedding day. GEORGE'S HILARIOUS ADVICE FOR HARRY

In a raucous reception toast, **George Clooney** gave some advice to new hubby **Prince Harry**: "He told him to get an Italian cook because English food is so bad!" laughs a witness. And when it comes to childcare, actor urged Harry to keep their household in-law-free. "Loud enough for Meghan's mom, Doria, to hear, George told Harry that his mother-in-law should *not* move in to help with babies. Barbra & Brolin

BUTTING HEADS

The “Why Did I Choose You” singer is wondering just that!

If Barbra Streisand and James Brolin had the chance to do it all again, would they, could they? Probably not... With their 20th wedding anniversary just weeks away, *Star's* source claims the “You Don't Bring Me Flowers” songstress, 76, and her henpecked husband, 77, have been bickering nonstop!

While James has long credited the success of his marriage to maintaining separate bank accounts — he's reportedly worth \$50 million

compared to Babs' estimated \$350 million fortune — recent home improvements on their Malibu manse, which has its own *private* shopping mall, have left the strong-willed seniors sparring over their coin purses.

“Barbra is constantly remodeling or adding structures to the property, but it comes out of her pocket,” yaps a yenta, although a rep for the actor insists the pair have “never been happier.” “She's asked James to contribute before, but he just says,

“This is your baby, do it the way you want and pay for it.”

The tension has gotten so bad, “Barbra and James often go to counseling,” explains the source. “She can be domineering and at times, he can be uncommunicative.” (James himself has said the *Funny Girl* “likes to control everything” in an interview.)

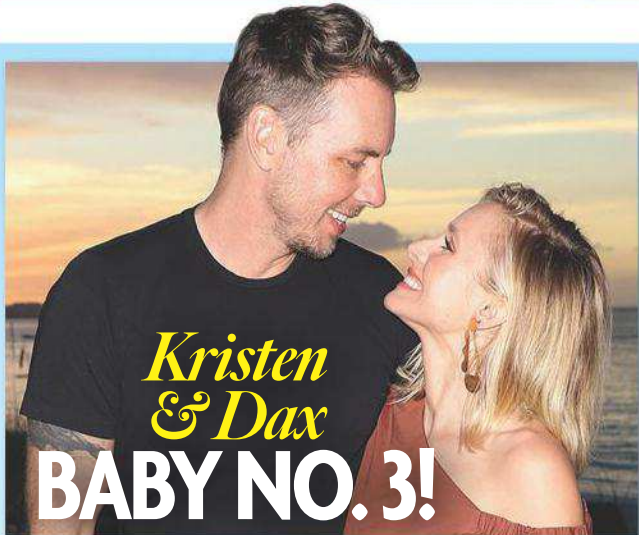

“They're just at the age where they don't care what the other thinks anymore,” spills a spy. “They push each other's buttons without even trying.” ★

Rob & Sheryl's SECRET TO A HAPPY MARRIAGE

Monogamy wasn't always **Rob Lowe**'s strong suit. Addicted to sex and alcohol, the heartthrob checked into rehab in the late 1990s to save his marriage to makeup artist **Sheryl Berkoff**. Now, a source tells *Star* that Rob, 54, is penning a memoir about how their decades-long relationship survived his struggle with sobriety and the spotlight. "People are always asking Rob how he and Sheryl salvaged the spark. Why not write a book about it?" posits the spy. "It's going to be something of a love letter to Sheryl — along with plenty of advice!" ★

BABY NO. 3!

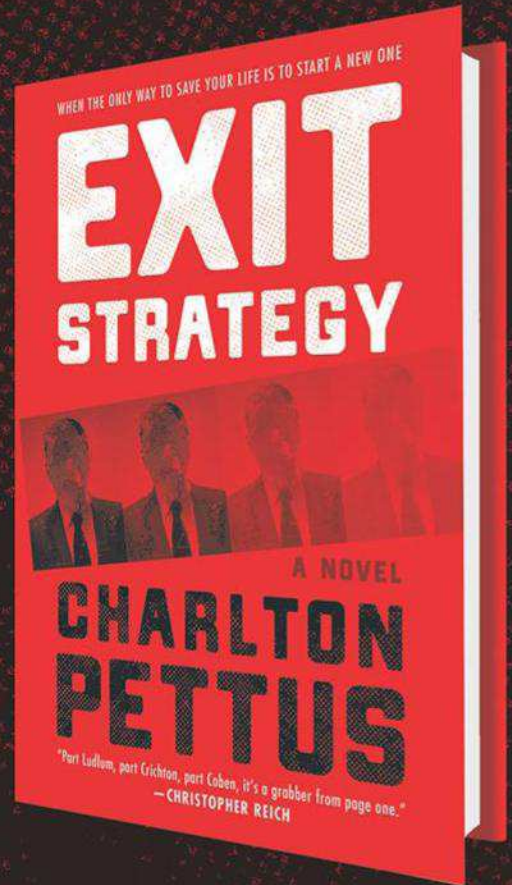

She can't let it go! **Dax Shepard** underwent a vasectomy after **Kristen Bell** had a pregnancy scare following the birth of their daughters, Lincoln, 5, and Delta, 3, but sources claim the broody *Frozen* actress, 37, has changed her tune and asked her husband: Do you want to build... a bigger family?

"Kristen and Dax are in a good place, and another child would just make things even better," says a pal, who notes the 43-year-old actor could always have the procedure reversed or the couple could even consider adopting. "The timing is right, and they're both giving it some serious thought. Of course, Kristen and Dax don't want to put too much pressure on themselves, but they'd love a son."

Star COUPLES

LOVE BITES

SPLITTING

No, you're not Paranoid! Jack Osbourne's wife Lisa filed for divorce three months after she gave birth to their third child.

IT'S A BOY!

John Legend and his wife, Chrissy Teigen, welcomed their second child together, son Miles Theodore. "We are drowning in his little peeps and nuzzles," said the proud mom.

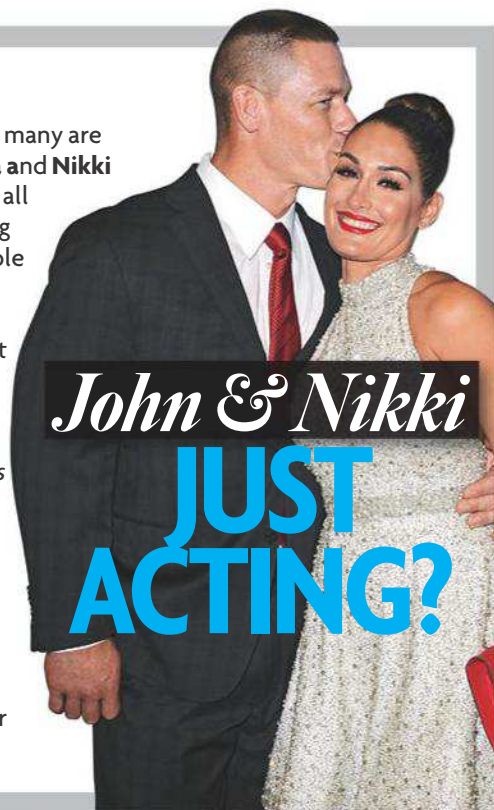

FLIRT ALERT

No tears left to cry is right! Ariana Grande is reportedly cuddling up to *SNL* star Pete Davidson after splitting from rapper Mac Miller.

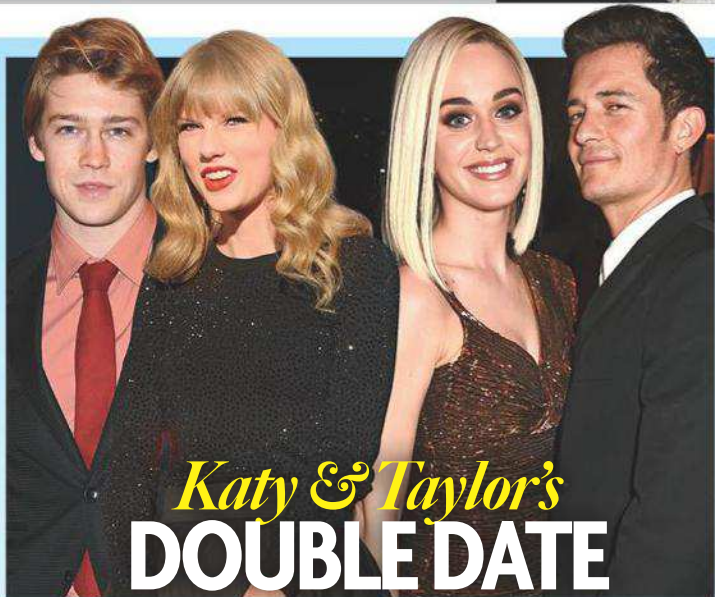

JUST like professional wrestling, many are starting to wonder if **John Cena** and **Nikki Bella**'s broken engagement was all for show. Just a month after calling off their wedding, the former couple was spotted strolling down the street together in San Diego.

"A lot of people suspect the split was a publicity stunt for the third season of *Total Bellas*," whispers an insider, noting how the former WWE star, 41 — who suddenly *does* want to start a family — won't stop declaring his love for his ex-fiancée on TV. "It seems too big of a coincidence that John and Nikki broke up right before the season premiere. There's no doubt that, in time, they will get married."

Maybe that's why Nikki, 34, never returned her engagement ring! ★

John & Nikki JUST ACTING?

Katy & Taylor's DOUBLE DATE

Bon appétit, baby! **Taylor Swift** and **Katy Perry** are breaking bread — and eating it too. After calling a truce, sources say the former frenemies are trying to plan a double dinner date with their respective boyfriends, **Joe Alwyn** and **Orlando Bloom**.

"Taylor figured that would take the pressure off meeting Katy alone. She even offered to rent out an Italian restaurant," a songbird chirps to *Star* after the "Swish, Swish" singer, 33, sent the 28-year-old pop star an actual olive branch last month. "But Katy thought it might be more fun for them to cook dinner at her home in Los Angeles." Good idea... We wouldn't want those two to end up fighting over the check! ★

Hugh FINDS LOVE, ACTUALLY!

Talk about Two Weeks Notice! **Hugh Grant** is sprinting down the aisle with Swedish TV producer **Anna Eberstein**. The British rom-com star, 57, posted an announcement at the Chelsea Old Town Hall registry office in Notting Hill, which suggests they mean to marry — and soon.

“Hugh’s ready to settle down, and Anna is the perfect partner for him. She’s incredibly patient and willing to overlook some of his flaws and laugh at the others,” chuckles a source close to the couple, who welcomed their third child together in March. “The word is Hugh and Anna are planning a small but intimate ceremony with their closest family and friends.”

Think Bridget Jones will get an invite? ★

Hugh once said he found the concept of marriage “unromantic,” but it appears he’s had a change of heart.

CRUSHING ON CHADWICK

SHE'S GOT FELINES FOR HIM!

Halle Berry is on the prowl — and she’s spotted a Black Panther! A source tells *Star* that the 51-year-old actress has asked her team to reach out to **Chadwick Boseman** about grabbing dinner sometime soon.

“Chadwick has a girlfriend [vocalist **Taylor Simone Ledward**], but everyone knows that doesn’t mean a lot in Hollywood,” spills the spy, especially once the erstwhile Catwoman sinks her claws into him.

“Halle is Chadwick’s dream girl! He can’t believe she’s interested in him,” admits a pal of the actor, 40. “He loves Taylor, but... it’s *Halle Berry*, man! Who wouldn’t want a chance with her?” ★

THE WRINKLE REMEDY FROM WITHIN?

Why does skin look worse with age? Why does it get thin, spotted and start to sag? And is there a way to stop or reverse it? The recent craze in collagen supplements might give us a clue.

THIN SKIN?

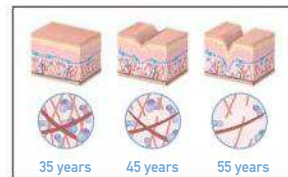

With age, our skin starts thinning, which creates wrinkles and sagging. When we try to get back the smooth and thick skin of younger years, we use outer skin treatments. But the answer might be to look within and to consider collagen and so-called “Beauty from Within” supplements.

The tiny tablet that helps your skin produce more collagen

WHAT IS COLLAGEN?

Collagen is a protein that holds things together strongly. And when you have a lot of collagen in the skin, it will be thicker, smoother on the surface, and thus younger looking.

WANT TO LOOK YOUNGER?

So how do we get more collagen in the skin? Collagen creams don’t reach deep dermal layers, so most of the effect may be lost. Pure collagen tablets seem to get digested by the stomach and might never

reach the skin. The new trend is to get the skin to produce more collagen by itself, with targeted active nutrients.

PROMOTING COLLAGEN FORMATION

New Nordic has produced clinically proven tablets, to promote collagen formation in the skin, using nutrients from pomegranate, algae, and tomato. The high amounts of vitamins C, the astaxanthin, zinc and type 1 collagen can all help promote collagen formation in the skin, as well as protect it from collagen breakdown.

In a 2 months study conducted in France, Skin Care™ Collagen Filler showed to significantly improve hydration, skin elasticity, skin tone, skin firmness and reduce skin wrinkles in just 56 days.*

STAR HAS SCORED ALL OF THE INTIMATE DETAILS ABOUT PRINCE HARRY AND DUCHESS MEGHAN'S HONEYMOON — AND THEIR PLANS TO BECOME PARENTS, ASAP!

*Harry &
Meghan:*

Inside Honeymoon

Scaled With a Kiss

"They're ready to start a family together," exclaims an insider, adding that Harry and Meghan hope to conceive on the honeymoon. "They're not wasting any time!"

Ta-Ta For Now!

Not content with just *one* luxury destination, the newlyweds are taking back-to-back trips to celebrate their love!

In This Together

"They're so thrilled with how it all turned out," a source tells *Star*. "There was a lot of pressure to make sure everything ran smoothly, and they were both seriously nervous wrecks."

It was the wedding of the year. **Prince William** toasted the new Duke and Duchess of Sussex. **James Corden** cut loose on the dance floor with **Prince Charles**. And **George Clooney** jumped behind the bar to mix up cocktails while **Serena Williams** held court at the beer pong table. But, as the royal reception came to a close beneath a night sky illuminated by fireworks, **Prince Harry** and **Duchess Meghan** quietly ducked out of the celeb-filled Frogmore House. Exhaustion had set in.

"While Harry and Meghan's wedding was a fairy tale, they were telling friends how excited they were to sneak off together for some alone time," a palace insider tells *Star*.

Now, with their "I dos" in the rearview, Harry, 33, and Meghan, 36, can "really relax and enjoy being husband and wife," says our source, on their biggest adventure yet — the honeymoon!

JET-SETTING JOY

It hadn't been the easiest (or, certainly, most relaxing) week for the new bride. In fact, it came as quite a shock when her 72-year-old father, Thomas Sr., announced that he would not be attending the ceremony at Windsor Castle and walking Meghan down the aisle. Suggesting his health was to blame for his absence, Meghan issued a statement two days before the nuptials, stating: "I have always cared for my father and hope he can be given the space he needs to focus on his health. I would like to thank everyone who has offered generous messages of support."

And while she's ready to soak up the sun and steal away to a tropical paradise, Meghan and Harry decided to delay the trip and tend to royal business first. Unlike **William** and **Duchess Kate**, who appeared tanned from their romantic Seychelles rendezvous when they greeted the **Obamas** weeks after they wed, Meghan and Harry made their first official appearance as a married couple at a 70th birthday party for his father Charles at Buckingham Palace on May 22.

"Being part of the royal family comes first now," explains the insider. "But Harry and Meghan are madly in love, and they're ready to start their lives" ▶

together.” Beginning with an African adventure!

Sources squeal that the newlyweds are preparing to return to Botswana, where it's believed they'll stay in the secluded Geoffrey Kent suite at Chief's Camp, which includes a private chef, waiter, housekeeper and their own safari vehicle and tour guide!

“Botswana is such a special place for them,” spills our tattletale. “Harry considers it a second home and took Meghan there when they first started dating. It was a big deal!” That's when he realized he wanted to marry her!

“Last time they camped under the stars, but this time Harry wants to treat Meghan to a lavish experience,” says the insider. “It's going to cost \$50,000 a night and will be very private. After that, they want to spend a few nights at a luxury lodge in Namibia.”

But their travels won't stop there! Following their safari experience in Africa, Harry and Meghan — who will travel by private jet — plan to touch down in the Caribbean, where they are expected to ride the waves at Paradise Beach on the island of Nevis, dishes a pal: “It's the perfect spot for a honeymoon.”

Sources conclude that Harry wants to finish up the trip in Barbados, “because it's one of his favorite places,” an insider insists. “They are looking forward to getting out of the spotlight for a little while.”

A ROYAL ADDITION

Upon their return home, Meghan and Harry will be greeted with a fully stocked nursery in their renovated 21-room wing of Kensington Palace — and hopefully it won't be long before they can put it to use!

“They absolutely hope to conceive on the honeymoon,” spills our source, noting that Meghan met with a fertility doctor before their big day. “This is something they've both wanted for a long time now, so the sooner they can make it happen, the better!”

With such a lavish celebration — which experts estimate cost a whopping \$4 million between the wedding, flights, stays, security and excursions — adds our insider: “Everyone is expecting there to be a royal baby announcement within the next few months, and Harry and Meghan are making sure they're prepared!” ★

REBA

TO THE RE

Spanx For The Memories

Kelly tried to downplay her weight loss, joking that her glam squad “hired Harry Potter and Spanx,” to get her new shape — but *Star* knows the truth!

NO LONGER A WHOLE LOTTA WOMAN, KELLY CLARKSON CREDITS EX-MOTHER-IN-LAW REBA McENTIRE WITH HELPING HER DROP A DRASTIC 40 POUNDS!

STRUTTING onto the Billboard Music Awards' stage in Las Vegas on May 20, Kelly Clarkson immediately commanded the crowd. Shining brighter than her sequined ensemble, there was something different about the evening's host. Something missing, even. Forty pounds, to be exact! And judging by her gig at the BBMAs, Kelly's new figure came with a dose of newfound confidence, too.

The Texas native, 36, strutted her stuff with an impressive eight wardrobe changes and a musical medley that brought the A-list crowd to their feet.

And a source says Kelly has someone special to thank for her whittled waistline and bold new attitude: her very own American idol, **Reba McEntire**.

“Reba is someone Kelly has always looked up to, and she takes her advice to heart,” explains the tattletale, who's thrilled to report that Kelly shrunk her once-240-pound figure in just four months by working out with a personal trainer, fixing up healthy meals and stripping sugar from her diet.

“Listening to Reba's tips on what to avoid eating and how to easily add some more exercise to her routine is what got Kelly in such great shape,” squeals the insider. “She's confident at any size, but right now she's healthier and happier than ever!”

BECAUSE OF YOU

Reba, 63, has been waiting for a moment like this to lend a helping hand to her former daughter-in-law. After all, it was Kelly who taught the Queen of Country that what doesn't kill you makes you stronger, standing by Reba's side during her crippling divorce in 2015 from her husband-manager, **Narvel Blackstock**.

Despite Kelly's marriage to Narvel's son, **Brandon Blackstock**, 41, “she and Reba are extremely close,” says *Star*'s source. “Reba says she doesn't know how she would have gotten through the split without Kelly.” So when Kelly seemed to declare that she'd given up on fighting the battle of the bulge, telling *Redbook*, “It's when I'm fat that I'm happy,” a worried Reba took the reins!

“Reba is always candid with Kelly, and she told her she didn't agree with her perspective,” the pal explains. “She said it's possible to be happy and still live healthy — and it was something she should do for the sake of her young kids. That gave Kelly a lot of inspiration.”

Piece by piece, things for *The Voice* coach have fallen into place. Not only does Kelly have much more energy to run after daughter River, 3, and son Remington, 2, she's bringing down the house with each live performance. Plus, she plans to lose another 10 to 15 pounds, since she's not the only one reaping the benefits!

“Even Brandon, who has always been supportive of her no matter what her weight, is a little friskier now,” titters our tipster. “And they both have Reba to thank for that!” ★

My Life Would Suck Without You

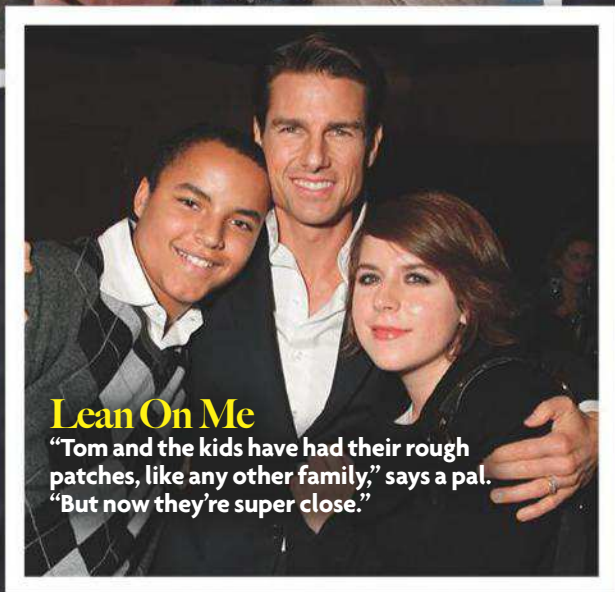

“It doesn't matter that Reba split from Brandon's father,” a source tells *Star*. “Reba sees Kelly as the daughter she never had.”

RESCUE!

Fractured Family

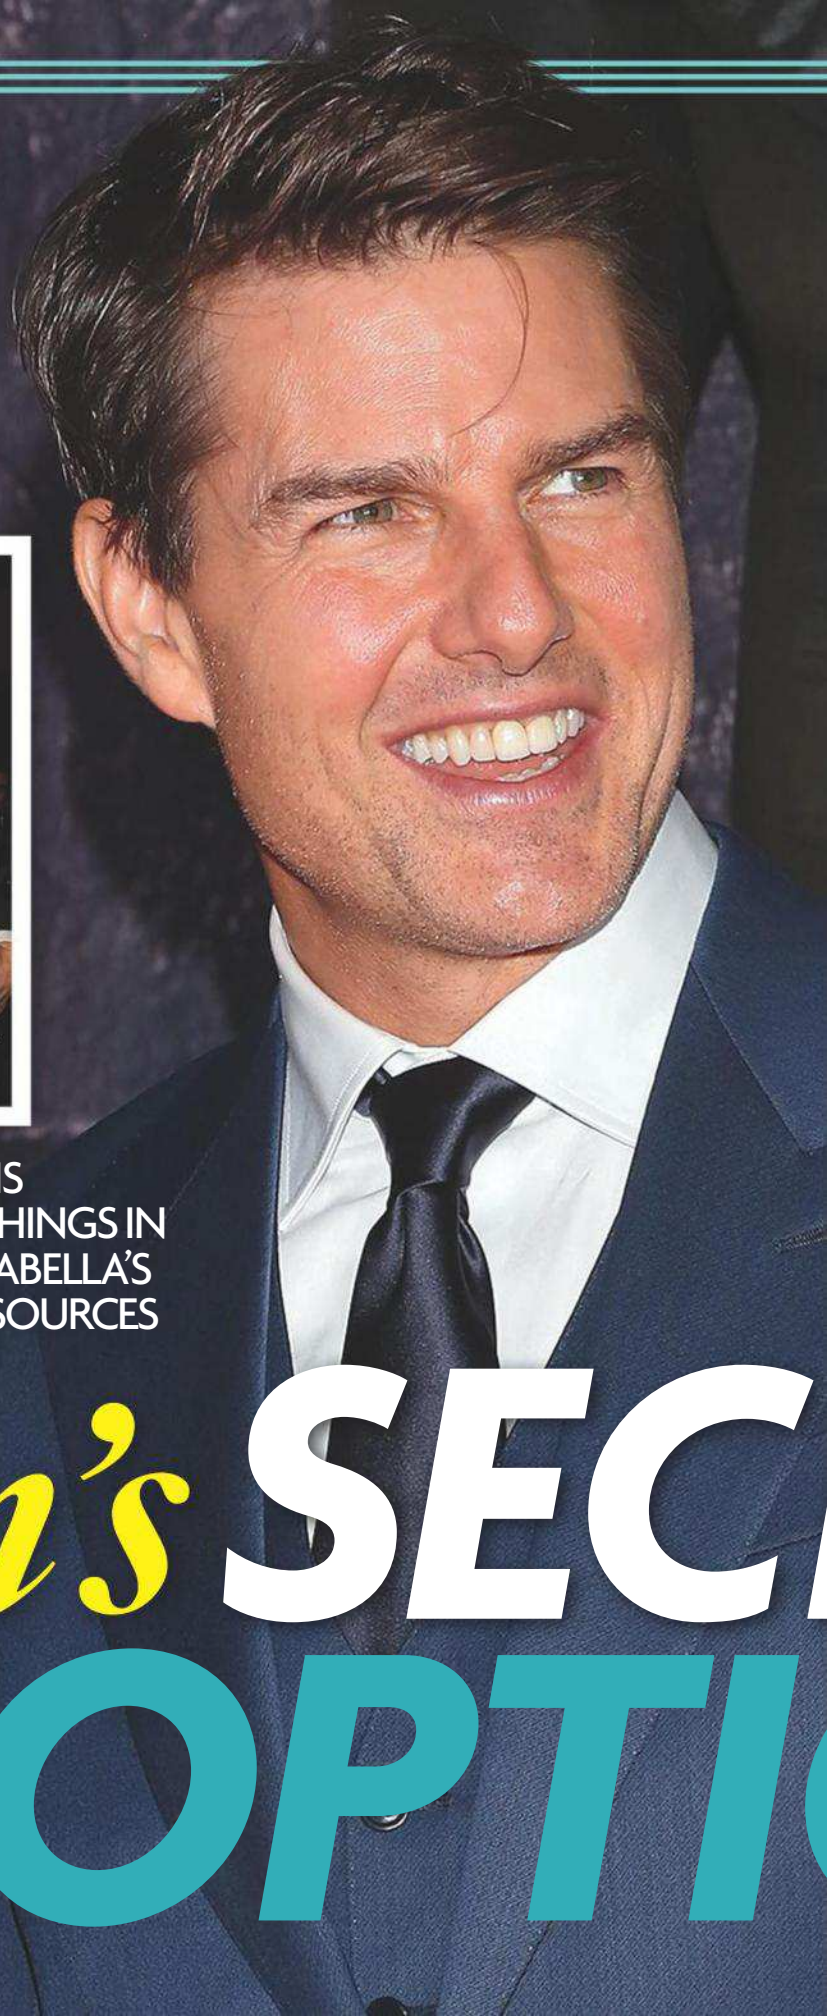

After Tom and Nicole split in 2001, he got custody of Bella and Connor while the actress moved back home to Australia.

Lean On Me

"Tom and the kids have had their rough patches, like any other family," says a pal. "But now they're super close."

TOM CRUISE SAYS ADOPTING HIS CHILDREN IS ONE OF THE BEST THINGS IN HIS LIFE. WITH HIS DAUGHTER ISABELLA'S HUSH-HUSH PLANS TO ADOPT, SOURCES SAY HE'S COUNTING THE DAYS!

Tom's SECRET ADOPTION

WHEN Tom Cruise and his ex-wife Nicole Kidman adopted their daughter Isabella in 1993, he couldn't have imagined how much his little girl would follow in his footsteps. After the couple split in 2001, Bella — along with her adopted baby brother, Connor — sided with Tom and moved in with him full-time in Beverly Hills, forging a close father-daughter bond. Bella is also a devoted follower of the Church of Scientology, just like Tom.

Now, daughter is taking a cue from dad once again. Sources say Bella, 25, secretly has her heart set on adopting a baby — and Tom is over the moon! “She wants to give a child the same opportunities Tom gave her,” reveals a pal, adding that Bella’s husband, Max Parker, is totally on board. “Tom will be there to help with the adoption process.” Actually, the source adds, “adopting seems to have been *his* idea. Tom is ready to get his hands dirty, and he will put his grandchild above anything and everything!”

ROOM AT THE TOP

Insiders say Tom, 55, is so laser-focused on the adoption that he went into hiding for 103 days until surfacing at CinemaCon in Las Vegas on April 25. Friends thought it was because of the gruesome accident he suffered in August, when he shattered his ankle while shooting *Mission: Impossible — Fallout*. “But that could have been the time that

An Eye on Motherhood

Tom has always been close with Isabella, who lives in London with her husband of two years, Max Parker (above). “You can bet that he will be there for her every step of the way once she has a child,” says a pal. “He can’t wait!”

Tom talked things through with Bella and she started to put her plans in motion,” confides the confidante, pointing out that Bella, an aspiring clothing designer, and Max, a British IT consultant, moved out of their cramped rental apartment to a bigger, baby-friendly house in London, near the Charing Cross Church of Scientology.

Not that Tom is thrilled at the idea of his grandchild living across the pond. The lonely megastar is looking to buy a home in London, sources say, but he’s also asked Bella and Max to relocate part-time to his newly built home in Clearwater, Fla., where Scientology is based. Dubbed the “Cruise Compound,” the \$80 million double penthouse “takes over the whole top of a building downtown, so there’s more than enough room,” spills the pal, adding that Connor, 23, will have his own suite.

Tom’s mother, Mary Lee South, “was supposed to have the second floor before she passed away this year,” the source reveals. “With his children and a baby, it will be quite a full house.”

FORGIVE AND FORGET

Even though Tom practically raised Bella and Connor as a single dad, he may still feel he has to make up for lost time. “He was working nonstop and wasn’t always around when they were growing up,” says the pal. “But Bella’s like, ‘Dad, it’s okay!’ and Connor feels the same.” Staying close to his kids is even more important now, given how little time he spends with his daughter Suri, 12, since his 2012 divorce from Katie Holmes — presumably because Scientology bans members from having any contact with nonbelievers, even family.

“Tom was heartbroken when Katie took Suri, and he desperately misses her. He’s realized that being a father gives him the most satisfaction, not his career,” adds the insider. “Spending more time with family is what Tom wants now, and it would be a dream come true to live under one roof with his kids — and his grandkids!” ★

Hollywood's SINGLE MOMS

JUGGLING STARDOM AND SOCCER GAMES MAKES THESE SOLO CELEBRITY MOTHERS TRUE SUPERHEROES!

Diane Keaton

Something had to give! The never-married actress was in her fifties when she adopted daughter Dexter, 23, and son Duke, 18, but copped to a few regrets: “[Fifty] is probably too late because I worry I’ve got to be around for a while,” she mused. “I think kids need fathers and I did not provide that so there are things that are imperfect. At the same time, nothing has more meaning for me in my life than my kids.”

Madonna

At least the Queen of Pop’s kids have no problem expressing themselves — snide remarks and all! With her brood expanding to include adopted children David Banda and Mercy James, both 12, and 5-year-old twin sisters Estere and Stella, her biological son with ex **Guy Ritchie**, 17-year-old Rocco, is thrilled to be out of the house. “So glad I don’t live there any more,” he commented on Madge’s at-home Instagram video in 2016.

Britney Spears

Fame and motherhood could be a toxic combo — just ask Britney. Five months after giving birth to her firstborn, Sean, now 12, she was photographed driving with him on her lap, later apologizing for the “mistake.” But did **Kevin Federline** hold it against her? Two months after she gave birth to their second son, Jayden, 11, they called it quits!

Denise Richards

It's complicated, alright! After splitting from her spiraling husband, **Charlie Sheen**, the former model tried to “completely” shield their daughters — Sam, 14, and Lola, 12 — from the media reports about their dad, but his behavior led her to “have a conversation with them about addiction,” she revealed in 2011.

Taraji P. Henson

While some celebs purposely choose to fly solo, tragedy left Taraji to raise Marcel, 24, on her own after his father (her high school sweetheart) was murdered in 2003. “I wouldn’t wish being a single parent on my worst enemy,” she’s sighed. “It is not easy.”

Hollywood's SINGLE MOMS

Anna Faris

Not that she's unqualified to raise son Jack, 5, without **Chris Pratt** by her side — some days are just cloudy with a chance of meatballs, she's divulged: "As a working mom, you're running around all the time," she's shared, "and you're trying to figure out what can my kid eat that's healthy because I guess I'm 'supposed to do that.'"

Janet Jackson

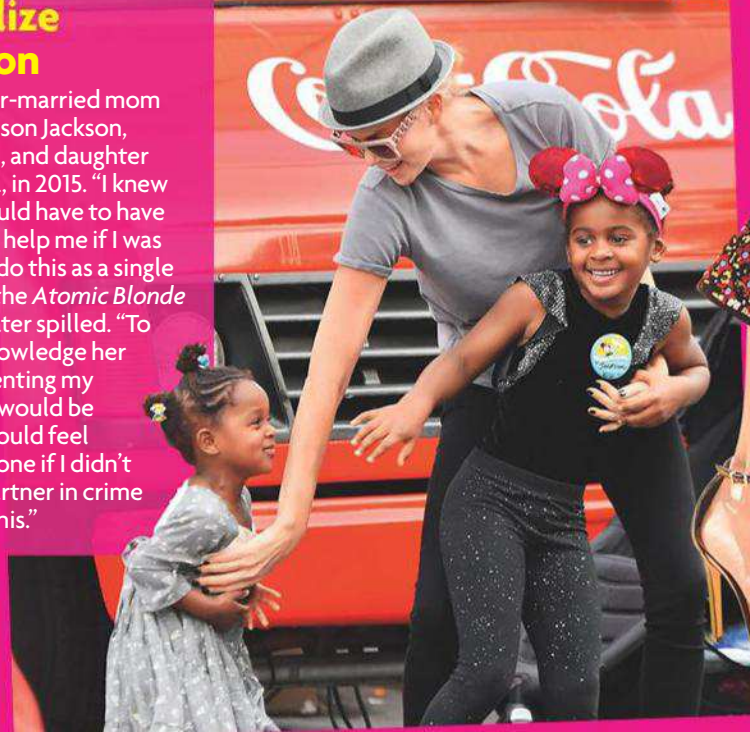

After years of fielding questions about when she'd have children, the "Unbreakable" singer became a first-time mom last January at age 51, when she and her Qatari billionaire husband, **Wissam Al Mana**, welcomed son Eissa. Three months later, Janet and Wissam broke things off and filed for divorce. That's the way love goes!

Charlize Theron

The never-married mom adopted son Jackson, 6, in 2012, and daughter August, 2, in 2015. "I knew that I would have to have my mom help me if I was going to do this as a single parent," the *Atomic Blonde* beauty later spilled. "To not acknowledge her in coparenting my children would be a lie... I would feel pretty alone if I didn't have a partner in crime in all of this."

Sandra Bullock

Sandra didn't let the end of her marriage shatter her dreams of parenthood. After divorcing cheater **Jesse James** in 2010, the Oscar winner went ahead with plans to adopt her son Louis, now 8. Five years later, she adopted daughter Laila, now 6, revealing that her son "spearheaded this whole journey" of starting a mixed family all on her own!

January Jones

Never publicly revealing son Xander's paternity, the *Mad Men* beauty insists that she doesn't want a partner... but could sometimes use one! "I'm an immature person — I'm an actor for God's sake!" she once confessed, recalling the time her 6-year-old's breakfast meltdown spiraled into her own. "This morning, I just lost my s**t. And I took the plate and threw it in the garbage, in tears. Someone needs to be the mature one here, but I had a full tantrum. Maybe I should get a nanny..."

Angelina Jolie

Woman, interrupted — by six rambunctious kids! After splitting from **Brad Pitt**, Angie has been forced to raise Maddox, 16, Pax, 14, Zahara, 13, Shiloh, 11, and 9-year-old twins Vivienne and Knox all by her lonesome. "It's been difficult. I don't enjoy being single," she's lamented. "It's not something I wanted. There's nothing nice about it. It's just hard. Sometimes maybe it appears I am pulling it all together, but really I am just trying to get through my days."

Jennifer Garner

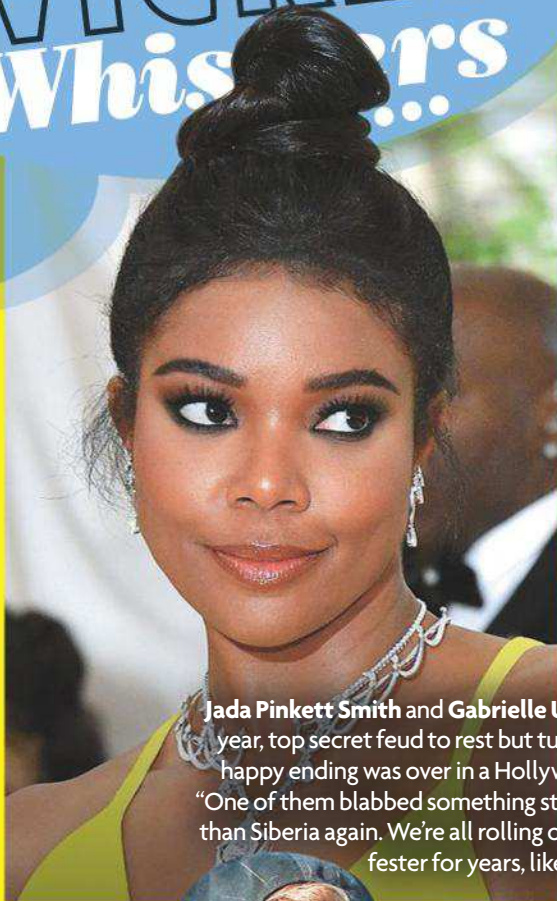

Batman may be able to save Gotham, but his marriage was another story. After a protracted split from **Ben Affleck**, who's been in and out of rehab for his boozing, Jennifer has turned into Supermom to kids Violet, 12, Seraphina, 9, and Samuel, 6. "I would not have chosen this life for myself or for my kids," she's said. But she doesn't seem interested in finding a new leading man. "I haven't been on a date. People want to set me up and I am just like, 'No thank you!'"

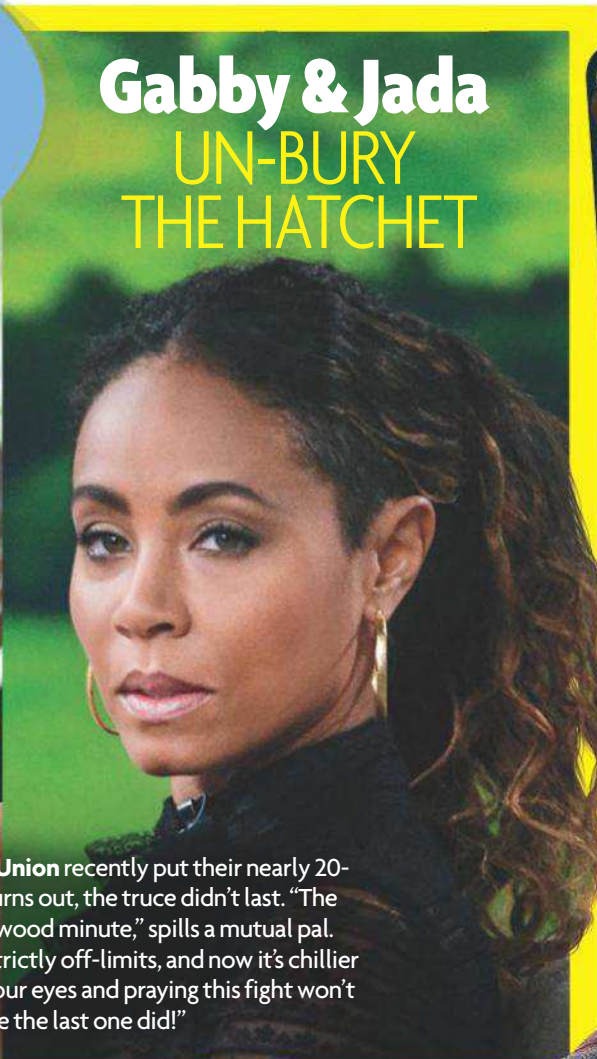

Michelle Williams

When Heath Ledger died of an accidental overdose in 2008, the *Brokeback Mountain* star was left grieving and raising her daughter Matilda by herself. In 2016, Michelle opened up about being a single mom, divulging that she "certainly did not expect to still be dating at 36 with an 11-year-old. This is not what I imagined."

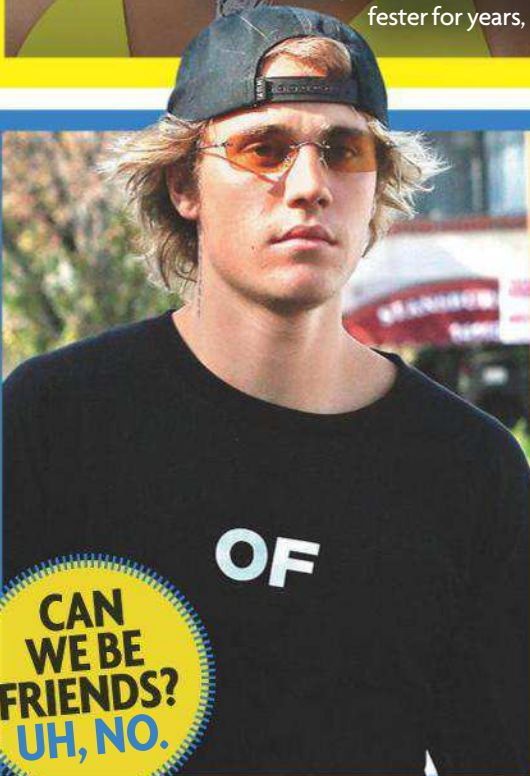

Star WICKED Whispers

Jada Pinkett Smith and Gabrielle Union recently put their nearly 20-year, top secret feud to rest but turns out, the truce didn't last. "The happy ending was over in a Hollywood minute," spills a mutual pal. "One of them blabbed something strictly off-limits, and now it's chillier than Siberia again. We're all rolling our eyes and praying this fight won't fester for years, like the last one did!"

Gabby & Jada UN-BURY THE HATCHET

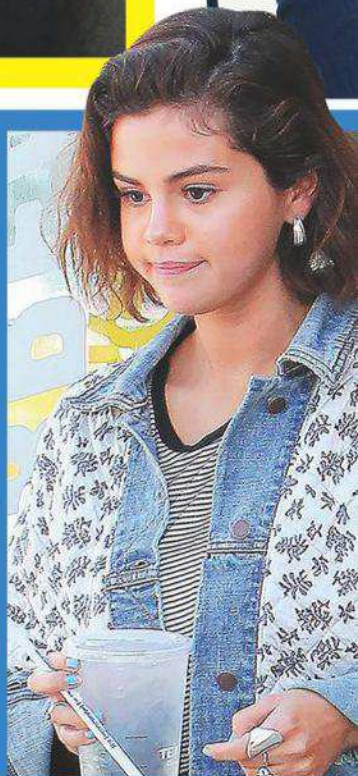

Justin Sick Of Selena's SAME OLD LOVE

"Wolves" singer Selena Gomez is howling mad that Justin Bieber ghosted her in the wake of their umpteenth breakup.

"Selena has been blowing up Justin's line desperately trying to stay in touch with him — she's not over it at all," sighs a pal. "But he's totally cut her off and isn't responding to her calls or texts. I think he blocked her number."

And their mutual pals have learned the hard way that it's wise to steer clear of their never-ending drama.

"Selena's crew hates Justin; they're not going to reach out to him on her behalf," says the insider. "And his friends aren't interested in talking to her anymore, either. She needs to move on."

WHO COULD IT BE NOW...

This shameless Real Housewife had no reservations about showing up to a swanky Hollywood eatery with her chin still wrapped in ice packs from an obvious face-lift! The glamorous reality star insisted servers keep bringing her fresh cubes, which she'd wrap in gauze and hold up to her jawline while she munched on a soft, easy-to-chew meal.

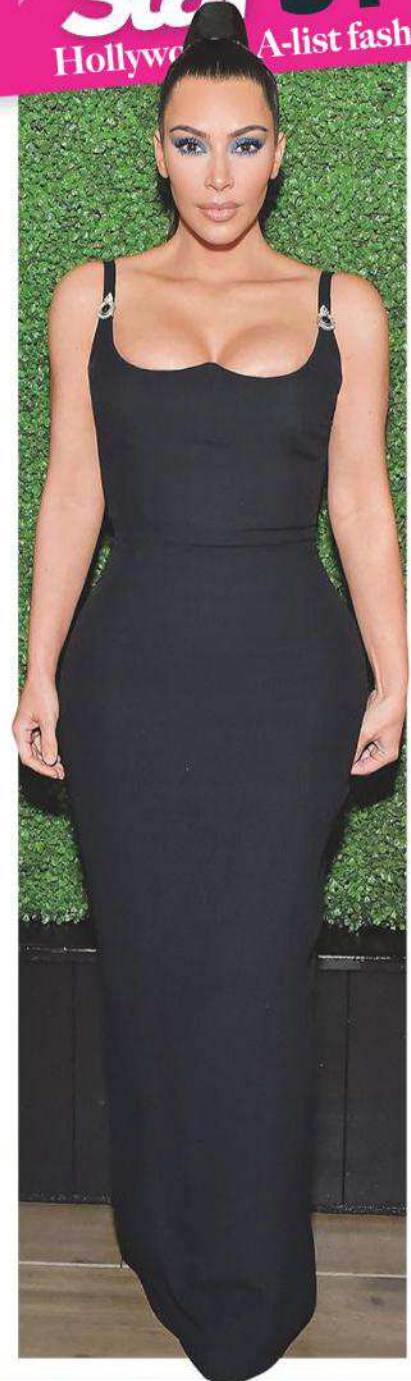

TV Producer's Trick TO KEEP HARRY HAPPY

Back when **Harry Styles** first joined One Direction, the floppy-haired pop tart was crashing with grown-up industry pal Ben Winston — and his upended wife, Meredith. The odd arrangement yielded so many laughs that Winston, who now works on *The Late Late Show With James Corden*, decided to turn it into a CBS series starring **Damon Wayans Jr.**! And Ben had a genius idea for keeping Harry from flipping out over his midnight memories hitting the small screen: make him a producer.

“Harry wasn’t involved with the show at all, but now he’s suddenly the executive producer,” explains an insider. “It was Ben’s way of ensuring there’s no bad blood. Plus, Harry will make a ton of money, so it’s a win-win all around.”

OCEAN'S 8

Sandra Bullock, Cate Blanchett, Anne Hathaway In theaters June 8 **PG-13**

THERE are quite a few pros — Bullock, Blanchett and Hathaway — and one serious con to this hilarious female-driven heist movie. After being released from prison, Danny Ocean's estranged sister Debbie (Bullock) reunites with her partner in crime, Lou (Blanchett), to try and swipe the \$150 million diamond necklace clasped around A-list actress Daphne Kluger's (Hathaway) neck at New York

City's annual Met Gala.

But they can't do it alone. With a bit of networking, Debbie and Lou manage to assemble quite the sticky-fingered squad: jeweler Amita (**Mindy Kaling**); nimble pickpocket Constance (**Awkwafina**); fence turned soccer mom Tammy (**Sarah Paulson**); savvy computer hacker Nine Ball (**Rihanna**); and fashion designer Rose (**Helena Bonham Carter**).

And as if that wasn't reason alone to go see the film, **Kim Kardashian West, Kendall Jenner, Katie Holmes, Matt Damon, Dakota Fanning, Olivia Munn, Zayn Malik, Adriana Lima, Anna Wintour, Serena Williams, Hailey Baldwin** and, um, **Tyga** all reportedly filmed cameos. Hey, at least **Kylie Jenner's** long-forgotten ex can say that he was invited to fashion's biggest night... even if the invitation was a fake!

TELEVISION

CLAWS

Niecy Nash, Carrie Preston

Premieres Sunday, June 10, at 9PM on TNT

TNT's critically acclaimed series is back for another season of manicures, money laundering and mayhem! Now that the Nail Artisans of Manatee County is under new management, Desna (Nash) and her buxom beauticians — Jennifer (Jenn Lyon), Quiet Ann (Judy Reyes), Polly (Preston) and Virginia (Karrueche Tran) — must ask their former nemesis, Dixie Mafia don Uncle Daddy (Dean Norris), to help them polish off the Russian mob recycling dirty money at the salon. Don't forget to keep a file on hand, though! There are tons of nail-biting twists and turns, outrageous moments and shocking cliff-hangers.

HOTEL ARTEMIS

Jodie Foster, Sterling K. Brown

In theaters June 8 **NR**

Hope you've got a reservation! Set in riot-torn L.A., this dystopian thriller follows the Nurse (Foster), who runs a members-only emergency room for criminals. After Waikiki's (Brown) partner takes a bullet during a robbery gone wrong, they check into the Hotel Artemis. But the Wolf King (Jeff Goldblum) soon learns of their stay and breaks all the rules — no guns, no killing patients — to retrieve their spoils.

MOVIES

MOVIES

HEREDITARY

Toni Collette, Gabriel Byrne, Alex Wolff

In theaters June 8 **R**

Declared the "most traumatically terrifying horror movie in ages" by critics, this petrifying meditation on grief and suffering will have you experiencing just that! Dollhouse maker Annie Graham (Collette), her psychiatrist husband Steve (Byrne), stoner son Peter (Wolff) and disturbed daughter Charlie (Milly Shapiro) uncover frightening secrets about their family's fate following the death of their reclusive grandmother Ellen.

TELEVISION

ANIMAL KINGDOM

Ellen Barkin, Denis Leary, Scott Speedman Premieres Tuesday, May 29, at 9PM on TNT

When their Kingdom comes crashing down, all the Codys will have left is each other. With Smurf (Barkin) behind bars, she puts her grandson, J (Finn Cole), in charge of the Southern California crime family, but his uncles don't take him seriously — especially when they learn the manipulative matriarch is still the one pulling strings. Plus, Leary joins the cast of season 3 as Deran's (Jake Weary) drifter dad, Billy. Is he here to make amends or does Billy smell blood in the water?

AMERICAN WOMAN

Alicia Silverstone, Mena Suvari, Jennifer Bartels

Premieres Thursday, June 7, at 10PM on Paramount

The *Real Housewives* meets second-wave feminism in this hilarious 1970s dramedy inspired by executive producer and Bravolebrity **Kyle Richards'** upbringing. After catching her husband cheating, clueless stay-at-home mom Bonnie (Silverstone) will do whatever it takes to give her daughters (**Makenna James** and **Lia Ryan McHugh**) a better life in Los Angeles — even firing the maid *and* the gardener. Ugh, as if!

DIETLAND

Julianna Margulies, Joy Nash

Premieres Monday, June 4, at 9PM on AMC

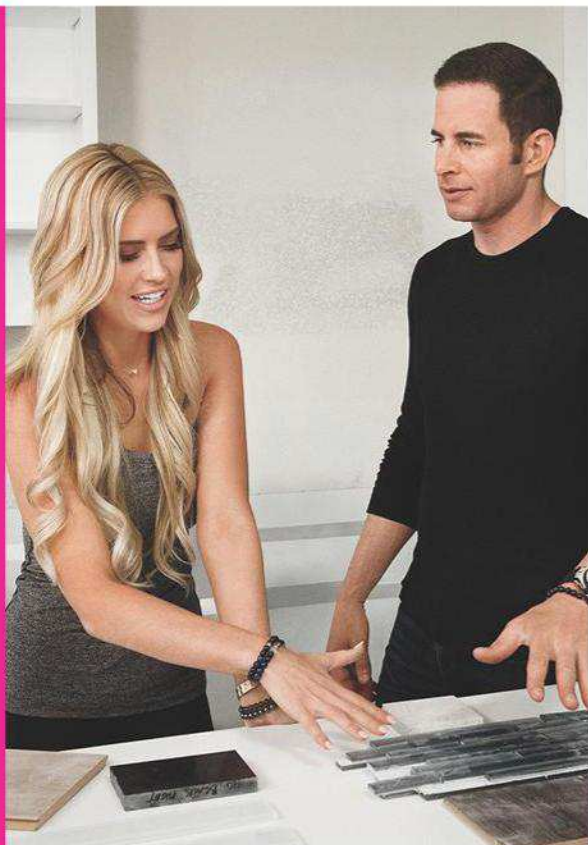

Make some room on your plate for this tasty revenge-fantasy series! Plum Kettle (Nash) is the plus-size ghostwriter of an advice column for Kitty Montgomery (Margulies), a vain editrix of teen magazine *Daisy Chain*. Struggling in a world with unattainable beauty standards, Plum sets out on a journey of self-acceptance and encounters a shadowy vigilante girl gang along the way that teaches her it's the patriarchy, not the pounds, that have got to go!

FLIP OR FLOP

Christina and Tarek El Moussa

Premieres Thursday, May 31, at 9PM on HGTV

The real estate agents turned TV hosts shocked fans when they divorced — so perhaps it's no surprise that Christina describes working with Tarek on the hit HGTV series as “beyond awkward.” In season 8, the exes get started on their latest flip: an outdated property riddled with rodents in Diamond Bar, Calif. While the pair readily take on the challenge, putting together design plans and renovations, the duo discovers that working side by side might be harder than the flip itself!

MOVIES

NANCY

Andrea Riseborough, Steve Buscemi, Ann Dowd

In theaters June 8 **NR**

It's been 30 years since their daughter disappeared, but Leo (Buscemi) and Ellen (**J. Smith-Cameron**) are still pleading for her safe return on TV. So when Nancy (Riseborough) picks up the phone, convinced she might be their little girl, of course they take her. Is she telling the truth or has creeping doubt turned into willful belief?

Star BURNING Questions

Is **Bethenny** back on the market?

Bethenny Frankel's real estate portfolio just got a little skinnier! After teaming up with *Million Dollar Listing's* **Fredrik Eklund** on a new series, the *Real Housewives of New York* star is putting her sales skills to the test, listing her historic shingled hideaway in Bridgehampton for \$2.9 million. Built in 1910, Bethenny purchased the Morning Glory House, a former bed-

and-breakfast, just last year. The timeless 4,239-square-foot summer retreat has seven bedrooms, 5.5 bathrooms and a wraparound veranda. In addition to sky-high ceilings and jaw-dropping walls of windows, Bethenny's Victorian features a hand-carved staircase perfect for making an entrance that would make **Andy Cohen** proud. ★

Is **Jet** running on fumes?

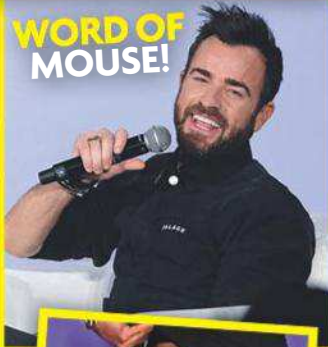

When a superfan spotted **Jet Li** strolling around Tibet, he couldn't believe his eyes. "It's so sad to see Li like this," he captioned a photo of the once fearless, now frail action star, 55. The sighting sparked serious concern and speculation that Jet's health was in decline after being diagnosed with hypothyroidism in 2010. "It's nothing life-threatening and he's dealing with it," the martial artist's manager assured. "[He's] completely fine. [There's] nothing wrong with him." ★

Does **Justin** smell a rat?

And you thought **Ben Affleck's** back tattoo was bad... **Justin Theroux** debuted his own midlife crisis during a live recording of *Queer Eye* star **Jonathan Van Ness'** podcast at New York's Vulture Festival.

"So I had two dogs, both rescues, pit bulls, pit bull mix, and when they died, I dedicated half my back to one and half back to the other," **Jennifer Aniston's** ex shared. But he didn't get the pups' portraits inked! Instead he... well, let's just let Justin explain the, um, *backstory*.

"It's a picture of a rat, because my dog used to kill rats in Washington Square Park," the actor said. "She was really good at it. Oh, and then a pigeon. A New York pigeon and a rat." Jeez, Jen, he sounds like a real pest! ★

Mick's Got The Moves Like Jagger

London, May 22

It's been more than 50 years since the Rolling Stones performed their very first gig at London's Marquee Jazz Club, but the greatest rock-and-roll band in the world still can't get no satisfaction! Going strong like beasts of burden, **Mick Jagger, Keith Richards, Ronnie Wood** and **Charlie Watts** instead received a warm welcome from their hometown during the latest stop of their No Filter tour. "There is gonna come a point where we don't want to do it anymore — or simply can't do it anymore," the 74-year-old frontman admitted. "But I haven't reached that point yet."
